(i) $25,000 for ~~the~~ counties of the first through fifth class added to the population increment of $10 for each 100 persons or major fraction ~~thereof~~ *of 100* included in the county's population as determined by the 1990 federal decennial census; or

The additional salary amount provided for in this subsection may not be included in the base salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.

HeinOnline -- 1995 vol. I 650 1995

(3) (a) In each county with a population in excess of 30,000, the county attorney must be a full-time official under 7-4-2704, and the salary ~~for the fiscal year beginning July 1, 1991,~~ is $50,000 per year. In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney ~~for the fiscal year beginning July 1, 1991,~~ is the same as that established for full-time county attorneys in subsection (3)(a).

(c) ~~Beginning July 1, 1991, and on~~ *On* July 1 of each ~~succeeding~~ year, each county attorney is entitled to an increase in salary calculated by adding to the annual salary ~~on July 1, 1991, the percentage change in~~ *a percentage of up to 100% of* the previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c). The cost-of-living increment for ~~the fiscal year beginning July 1, 1983, and for~~ each ~~subsequent~~ fiscal year must be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. Unless restored pursuant to 7-4-2504(2), ~~any~~ *a* cost-of-living increment that would have been received for the fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, but, unless longevity increases are restored pursuant to 7-4-2504(2), the years of service during ~~any~~ *a* year in which the salary was set at the level of the salary of the prior fiscal year may not be included in ~~any~~ *a* calculation of longevity increases.

(4) ~~For each 10th year after the fiscal year beginning July 1, 1981, the~~ *The* latest federal decennial census statistics are the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year is based

on the most current calendar year's estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify."

Section 2. Section 7-4-2504, MCA, is amended to read:

"7-4-2504. Salaries to be fixed by resolution — cost-of-living increments. (1) The county governing body shall by resolution on or before ~~July 1, 1992, and on or before~~ July 1 of each year ~~thereafter~~ adjust and uniformly fix the salaries of the county treasurer, county clerk, county assessor, county school superintendent, county sheriff, ~~and the~~ clerk of the district court~~; the~~, county auditor (if there is one)~~;~~ and ~~the~~ county surveyor (if the surveyor receives a salary). ~~Except as provided in subsection (3), the~~ *The* salaries fixed may be no less than 80% of the annual base salary provided for in 7-4-2503(1) plus a cost-of-living increment based on *a percentage of up to 100% of* the previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. The county governing body may, however, for all or the remainder of each fiscal year, in conjunction with setting salaries for the same action on the salaries of justices of the peace (if applicable), the county governing body, *the* county attorney, and *the* coroner, set the salary at the prior fiscal year level if that level is lower than the level required by this subsection. The cost-of-living increment for ~~the fiscal year beginning July 1, 1992, and for~~ each ~~subsequent~~ fiscal year must be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In such a case, the cost-of-living increment that would have been received for the fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(2) The county governing body may, in any subsequent fiscal year, restore for 1 or more years the annual cost-of-living increments withheld pursuant to subsection (1). If cost-of-living increments are restored, the longevity increases provided for sheriffs in 7-4-2503, for deputy county attorneys in 7-4-2503(3)(d)(i), and for undersheriffs and deputy sheriffs in 7-4-2510 must also be restored for the years for which the cost-of-living increment was restored.

~~(3) If the application of 7-4-2503 does not qualify a county official for a salary increase, the salary base for the fiscal year beginning July 1, 1991, must be the fiscal year 1990-91 salary plus 100% of the last previous calendar year's consumer price index for all urban consumers, as set forth in subsection (1).~~

~~(4)~~*(3)* The county governing hody shall hy resolution, prior to July 1 of each year, establish tbe salary of the coroner and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in subsection (1), set the salary at the prior fiscal year level. The salary must be in effect upon the first day of each ensuing fiscal year."

[SB 245]

AN ACT REVISING THE MAXIMUM ALLOWABLE WEIGHT ON AXLES EQUIPPED WITH SINGLE TIRES OR WITH WIDE-BASE TIRES;

HeinOnline -- 1995 vol. I 657 1995

REPEALING OBSOLETE STATUTORY LANGUAGE RELATING TO PERMISSIBLE WEIGHT LOADS; AMENDING SECTIONS 61-10-101, 61-10-107, 61-10-108, 61-10-109, 61-10-110, 61-10-121, 61-10-124, 61-10-126, 61-10-128, 61-10-141, 61-10-144, 61-10-145, AND 61-10-201, MCA; REPEALING SECTION 61-10-105, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-101, MCA, is amended to read:

"61-10-101. Standards of maximum dimensions, weights, etc. The standards provided for in 61-10-102 through *61-10-104 and 61-10-106 through* 61-10-110 govern the maximum dimensions, weights, and other characteristics of motor vehicles operating over the highways in the state to the exclusion of other standards or other requirements respecting the subject matter."

Section 2. Section 61-10-107, MCA, is amended to read:

"61-10-107. Maximum gross weight — when permit required. (1) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. An axle load is the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. For purposes of this section, axles 40 inches or less apart are considered ~~as~~ *to be* a single axle. A vehicle or combination may not have more than nine axles. The maximum gross weight allowed on a vehicle, group of axles, or combination of vehicles must be determined by the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

in which W equals gross weight, L equals wheel base in feet, and N equals number of axles, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(2) *(a)* Notwithstanding a vehicle's conformance with the requirements of subsection (1), ~~its maximum load per inch of tire width, excluding the steering axle, may not exceed 500 pounds, based on the table in 61-10-105(3)~~ *except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds per inch of tire width.*

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. The maximum tire weight limit is computed for wide-base tires based on the number of inches shown on the tire marking, or if the tire marking is shown by metric size, the tire weight limit is computed by conversion of the metric size.

(3) If the gross weight of a vehicle or combination exceeds 80,000 pounds, the vehicle or combination must have a special permit~~, which~~. *The permit* may be issued in the discretion of the department of transportation based on evaluation of safety, highway capacity, and economics of highway maintonance

HeinOnline -- 1995 vol. I 658 1995

and vehicle operation. The fee is $20 per trip permit or $100 per term permit. A term permit may not be issued for a period of time greater than the period for which the GVW license is valid. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. Permits may specify and permits issued under 61-10-124(6) must specify highway routing.

(4) A special permit issued under subsection (3) for the transportation of agricultural products by farm vehicles from a harvesting combine or other harvesting machinery to the point of first unloading is for the full term of the harvest season of the agricultural product transported.

(5) This section does not apply to highways that are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes."

Section 3. Section 61-10-108, MCA, is amended to read:

"**61-10-108. Reduction under special circumstances.** The maximum axle and axle group loads stated in ~~61-10-105~~ *61-10-107* are subject to reasonable reduction in the discretion of the department of transportation during periods when road subgrades have been weakened by water saturation or other causes."

Section 4. Section 61-10-109, MCA, is amended to read:

"**61-10-109. Operation without special permits prohibited.** The operation of vehicles or combinations of vehicles having dimensions or weights in excess of the maximum limits specified in 61-10-101 through *61-10-104 and 61-10-106 through* 61-10-108 is permitted only if authorized hy special permit issued by the department of transportation or its agents or the highway patrol."

Section 5. Section 61-10-110, MCA, is amended to read:

"**61-10-110. Federal law.** Sections 61-10-101 through *61-10-104 and 61-10-106 through* 61-10-109 do not authorize, without a permit issued as provided by law, the operation of a combination of vehicles having a gross weight, axle load, or size in excess of that authorized in those sections~~,~~ or the operation *on the national system of interstate and defense highways* of a combination of vehicles ~~on the national system of interstate and defense highways~~ having a gross weight or size in excess of ~~that~~ *the maximum weight and size* permitted by law in this state before July 1, 1956, or *permitted* by federal law or regulation ~~in excess thereof, which is adopted~~. If federal law allows establishment of ~~size and~~ weight *and size* limits in excess of ~~those~~ *the allowable limits* permitted in ~~those sections~~ *61-10-101 through 61-10-104 and 61-10-106 through 61-10-109*, without penalty or denial of federal funds for highway purposes, the department of transportation may, hy permit designating highway routing, authorize the movement on highways under its jurisdiction of vehicles or combinations of vehicles of a ~~size or~~ weight *or size* in excess of the limits provided for in those sections, but within the limits necessary to qualify for federal-aid highway funds."

Section 6. Section 61-10-121, MCA, is amended to read:

HeinOnline -- 1995 vol. I 659 1995

"**61-10-121. Permits for excess size and weight.** (1) *(a)* Upon application and with good cause shown, the department of transportation and local authorities in their respective jurisdictions may issue telephonically or in writing a special permit authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object, or other thing of a size or weight exceeding the maximum specified in 61-10-101 through *61-10-104 and 61-10-106 through* 61-10-110 upon a highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible. However, only the department may issue permits for movement of a vehicle or combination of vehicles carrying built-up or reducible loads in excess of 9 feet in width or exceeding the length, height, or weight specified in 61-10-101 through ~~61-10-110~~ *61-10-104 and 61-10-106 through 61-10-110*. This permit must be issued in the public interest. A carrier receiving this permit must have public liability and property damage insurance for the protection of the traveling public as a whole. A permit may not be issued for a period greater than the period for which the GVW license is valid, including grace periods, as provided in this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(b) The department may issue to dealers in implements of husbandry and self-propelled machinery oversize permits~~, which~~. *The permits* may be transferred from unit to unit by the dealer, for the fee set forth in 61-10-124. These oversize permits may not restrict dealers in implements of husbandry and self-propelled machinery from traveling on a Saturday or Sunday and expire on December 31 of each year, with no grace period. For the purposes of this section, a dealer in implements of husbandry or self-propelled machinery must be a resident of the stato. A post-office box number is not a permanent address under this section.

(2) The applicant for a special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or other thing is to be moved and whether the permit is required for a single trip or for continuous operation."

Section 7. Section 61-10-124, MCA, is amended to read:

"**61-10-124. Special permits — fee *fees* — cranes.** (1) As used in this section, "crane" means a self-propelled, single-unit vehicle consisting of not more than four axles and used for raising, shifting, and lowering heavy weights by means of a projecting swinging arm.

A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length, and the long semitrailer cargo unit of the combination may not exceed 48 feet in length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used te carry a load are not permitted except as provided in subsections (6) and (7). Special permits for vehicle combinations may specify and special permits under subsections (6) and (7) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (3)(a). The fee for this permit is $75. This permit ~~covers a period of 1 year and~~ expires on December 31 of each year, with no grace period.

(4) Except as provided in subsection (3)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits te expire with their registration. A license required by the state governs the issuance of a special permit.

(5) The owner or operater of a crane with a gross vehicle weight of less than 80,000 pounds may purchase a 30-day special permit for ~~overweight~~ *excess weight* if the crane has a current special mobile equipment identification plate and if the department of transportation has approved the configuration of the crane through a weight analysis completed within the same calendar year. The permit is not transferable, and the fee for the permit is $200.

(6) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tracter-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(e) gross weight fees under 61-10-203 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a restricted route permit under 61-10-107(3) and a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-23-101, MCA, is amended to read:

HeinOnline -- 1995 vol. I 686 1995

Section 2. Section 81-23-102, MCA, is amended to read:

"**81-23-102. Policy.** (1) It is hereby declared that:

(a) milk is a necessary article of food for human consumption;

(b) the production and maintenance of an adequate supply of healthful milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare;

(c) the production, transportation, processing, storage, distribution, and sale of milk in the state of Montana is an industry affecting the public health and interest;

(d) unfair, unjust, destructive, and demoralizing trade practices have been and are now being carried on in the production, transportation, processing, storage, distribution, and sale of milk and products manufactured ~~therefrom~~ *from milk*, which trade practices constituto a constant menace to the health and welfare of the inhabitants of this state and tend to undermine the sanitary regulations and standards of contont and purity of milk;

(e) health regulations alone are insufficient to prevent disturbances in the milk industry and to safeguard the consuming public from further inadequacy of a supply of this necessary commodity;

(f) it is the policy of this state to promote, foster, and encourage the intelligent production and orderly marketing of milk and cream and products manufactured ~~therefrom~~ *from milk and cream*, to eliminato speculation and waste, *and* to make tbe distribution ~~thereof~~ *of milk and cream and products manufactured from milk and cream* between the producer and consumer as direct as can be efficiently and economically done, and to stabilize the marketing of ~~such~~ *those* commodities;

(g) investigations have revealed and experience has shown that, due to the nature of milk and the conditions surrounding the production and marketing of milk and due to the vital importanco of milk to the health and well-being of the citizens of this state, it is necessary to invoke the police powers of the state to provide a constant supervision and regulation of the milk industry of the state to prevent the occurrence and recurrence of those unfair, unjust, destructive, demoralizing, and chaotic conditions and trade practices within the industry which have in tbe past affected the industry and which constantly threaten to be revived within the industry and to disrupt or destroy an adequate supply of pure and wholesome milk to the consuming public and to the citizens of this state;

(h) milk is a perishable commodity ~~which~~ *that* is easily contaminated with harmful bacteria, ~~which~~ *that* cannot be stored for any great length of time, ~~which~~ *that* must be produced and distributed fresh daily, and the supply of which cannot be regulated from day to day but, due to natural and seasonal conditions, must be produced on a constantly uniform and even basis;

(i) the demand for this perishable commodity fluctuates from day to day and from time to time making it necessary that the producers and distributors shall produce and carry on band a surplus of milk in order to guarantee and ~~insure~~ *ensure* to the consuming public an adequate supply at all times, which surplus

HeinOnline -- 1995 vol. I 687 1995

must of necessity be converted into byproducts of milk at great expense and ~~ofttimes~~ *often* at a loss to the producer and distributor;

(j) this surplus of milk, though necessary and unavoidable, unless regulated, tends to undermine and destroy the milk industry, which causes producers to relax their diligence in complying with the provisions of the health authorities and ~~ofttimes~~ *often* to produce milk of an inferior and unsanitary quality;

(k) investigation and experience have further shown that, due to the nature of milk and the conditions surrounding its production and marketing, unless the producers~~, distributors, and others engaged in the marketing of milk~~ are guaranteed and ~~insured~~ *ensured* a reasonable profit on milk, both the supply and quality of milk are affectod to the detriment of and against the best interest of the citizens of this state whose health and well-being are thereby vitally affected;

(l) where no supervision and regulation are provided for the orderly and profitable marketing of milk, past experience has shown that the credit status of both producers and distributors of milk is adversely affectod to a serious degree, thereby entailing loss and hardship upon all within the community with whom these prqducers and distributors carry on business relations;

(m) due te the nature of milk and the conditions surrounding its production and distribution, the natural law of supply and demand bas been found inadequate to protect the industry in this and other states and in the public interest it is necessary to provide state supervision and regulation of the milk industry in this state.

(2) The general purpose of this chapter is te protect and promote public welfare and to eliminate unfair and demoralizing trade practices in the milk industry. It is enacted in the exercise of the police powers of the state."

Section 3. Section 81-23-202, MCA, is amended to read:

"**81-23-202. Licenses — disposition of income.** (1) A producer, producer-distributor, distrihutor, or jobber may not engage in the business of producing or sellin[illegible] milk subject to this chapter in this state without first having obtained a license from the department of livestock or, in the case of milk entering this state from another stato or foreign nation, without complying with the requirements of the Montana Food, Drug, and Cosmetic Act and without being licensed under this chaptor hy the department. The annual fee for the license from the department is $2 and is due before July 1 and must be deposited by the department to the credit of the general fund. The license required by this chapter is in addition te any other license required by state law or any municipality of this state. This chapter applies to every part of the state of Montana.

(2) In addition to the annual license fee, the department shall, in each year, before April 1, for the purpose of securing funds to administer and enforce this chapter, levy an assessment upon producers, producer-distributors, and distributors as follows:

(a) a fee per hundredweight on the tetal volume of all milk subject to this chapter produced and sold hy a producer-distributor;

HeinOnline -- 1995 vol. I 688 1995

(b) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a producer;

(c) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a distributor, excepting that which is sold to another distributor.

(3) The department shall adopt rules fixing the amount of each fee. The amounts may not exceed levels sufficient to provide for the administration of this chapter. The fee assessed on a producer or on a distributor may not be more than one-half the fee assessed on a producer-distributor.

(4) In addition to the fees established in subsections (1) through (3), the department shall assess a fee of 14.97 cents per hundredweight on the volume of class I milk produced and sold by a producer to be used for the administration of the milk inspection and milk diagnostic laboratory functions of the department of livestock. The board shall include this fee in its formulas for fixing by rule the minimum producer~~, wholesale, jobber, and retail~~ prices for class I milk in 81-23-302.

(5) The assessments upon producer-distributors, producers, and distributors must be paid quarterly before January 15, April 15, July 15, and October 15 of each year. The amount of the assessments must be computed by applying the fee designated by the department and the fee established in subsection (4) to the volume of milk sold in the preceding calendar quarter.

(6) Failure of a producer, producer-distributor, or distributor to pay an assessment when due is a violation of this chapter, and a license under this chapter automatically terminates and is void. A terminated license must be reinstated by the department upon payment of a delinquency fee equal to 30% of the assessment which was due.

(7) Except for the assessment provided for in subsection (4), all assessments required by this chapter must be deposited by the department in the state special revenue fund. All costs of administering this chapter, including the salaries of employees and assistants, per diem and expenses of board members, and all other disbursements necessary to carry out the purpose of this chapter, must be paid out of the board money in that fund.

(8) The assessment provided for in subsection (4) must be deposited by the department in an account in the state special revenue fund. Money in the account must be used to carry out the purposes of Title 81, chapter 22.

(9) The department may, if it finds the costs of administering and enforcing this chapter can be derived from lower rates, amend its rules to fix the rates at a less amount on or before April 1 in any year."

Section 4. Section 81-23-302, MCA, is amended to read:

"**81-23-302. Establishment of minimum prices.** (1) The board shall fix minimum producer~~, wholesale, jobber, and retail~~ prices for class I ~~milk and minimum producer prices only for~~, class II, and class III milk by adopting rules in a manner prescribed by the Montana Administrative Procedure Act.

(2) The board shall establish ~~such~~ prices by means of flexible formulas ~~which shall~~ *that must* be devised so that they bring about ~~such~~ automatic changes in

all minimum prices ~~as~~ *that* are justified on the basis of changes in production, supply, processing, distribution, and retailing costs.

(3) The board shall consider the balance between production and consumption of milk, the costs of production and distribution, and prices in adjacent and neighboring areas and states so that minimum prices ~~which~~ *that* are fair and equitable to producers~~, distributors, jobbers, retailers,~~ and consumers may result.

(4) The board shall, when publishing notice of proposed rulemaking under authority of this section, set forth the specific factors ~~which shall~~ *that must* be taken into consideration in establishing the formulas and, in particular, in determining costs of production ~~and distribution~~ and of the actual dollars and cents costs of production ~~and distribution which~~ *that* preliminary studies and investigations of auditors or accountants in its employment indicate will or should be shown at the hearing so that all interested parties will have opportunity to be heard and to question or rebut ~~such~~ *the* considerations as a matter of record.

(5) ~~Such specific~~ *Specific* factors may include but ~~shall~~ *are* not ~~be~~ limited to the following items:

(a) current and prospective supplies of milk in relation te current and prospective demands for ~~such~~ milk for all purposes;

~~(b) the ability and willingness of consumers to purchase, which shall include among other things per capita disposable income statistics, consumer price indexes, and wholesale price indexes;~~

~~(c)~~*(b)* the cost facters in producing milk, which ~~shall~~ include among other things the prices paid by farmers generally ~~(~~as used in parity calculations of the United States department of agriculture~~)~~, prices paid by farmers for dairy feed in particular, and farm wage rates in this state;

~~(d)~~*(c)* the alternative opportunities, both farm and nonfarm, open to milk producers, which ~~shall~~ include among other things prices received by farmers for all products other than milk, prices received by farmers for beef cattle, and the percentage of unemployment in the state and nation as determined by appropriate state and federal agencies;

~~(e)~~*(d)* the prices of butter, nonfat dry milk, and cheese;

~~(f) the cost factors in distributing milk, which shall include among other things the prices paid by distributors for equipment of all types required to process and market milk and prevailing wage rates in this state;~~

~~(g) the cost factors in jobbing milk, which shall include among other things raw product and ingredient costs, carton or other packaging cost, processing cost, and that part of general administrative costs of the supplying distributor which may properly be allocated to the handling of milk to the point at which such milk is at the supplying distributor's dock, equipment of all types required to market milk, and prevailing wage rates in the state;~~

~~(h)~~*(e)* the need, if any, for freight or transportation charges to be deducted by distributors from producer prices for bulk milk.

HeinOnline -- 1995 vol. I 690 1995

(6) If the board at any time proposes to base all or any part of any official order establishing or revising any milk pricing formulas upon facts within its own knowledge, as distinguished from evidence ~~which~~ *that* may be presented to it by the consuming public or the milk industry, the board shall, when publishing notice of proposed rulemaking under authority of this section, cause notice to be given to the consuming public and the milk industry of the specific facts within its own knowledge ~~which~~ *that* it will consider, so that all interested parties will have opportunity to be heard and to question or rebut ~~such~~ *the* facts as a matter of record.

(7) The board, after consideration of the evidence produced, shall make written findings and conclusions and shall fix by official rule the formula ~~whereby~~ *under which* minimum:

~~(a)~~ producer prices for milk in classes I, II, and III ~~shall~~ *must* be computed;

~~(b) wholesale prices for milk in class I shall be computed;~~

~~(c) jobber prices for milk in class I shall be computed;~~

~~(d) retail prices for milk in class I shall be computed~~.

(8) This section ~~shall~~ *may* not be construed as requiring the board to promulgate any specific number of formulas, but ~~shall~~ *must* be construed liberally so that the hoard may adopt any reasonable method of expression to accomplish the objective set forth in subsection (7). ~~If the evidence presented to the board at any public hearing for the establishment or revision of milk pricing formulas is found by the board to require the establishment of separate and varying wholesale prices for any particular uses, the board shall designate the reasons therefor and establish such separate formulas.~~

(9) Each rule establishing or revising any milk pricing formulas ~~shall~~ *must* classify milk by forms, classes, grades, or uses as the board ~~may deem~~ *considers* advisable and ~~shall~~ *must* specify the minimum prices ~~therefor~~ *for the milk*.

(10) *Distributors who have processing facilities in this state shall, whenever possible, purchase milk from Montana producers for the processing of products to be sold in this state, provided that milk is available from Montana producers at the price set by the board.*

(11) The board shall adopt rules after notice and hearing in the manner prescribed by the Montana Administrative Procedure Act to regulate transportation rates ~~which~~ *that* distributors, contract haulers, and others charge producers for ~~both farm-to-plant and~~ interplant transportation of milk. ~~No~~ *An* allowance for transportation of milk between plants may *not* be permitted unless it is found by the board to be necessary to permit the movement of milk in the public interest. *The board may promulgate rules regarding the requirement for first call on Montana milk supplies, as provided in subsection (10). Rules must be coordinated with those adopted pursuant to fair trade practices under 81-23-303.*

~~(11)~~*(12)* All milk purchased by a distributor ~~shall~~ *must* be purchased on a uniform basis. The basis to be used ~~shall~~ *must* be established by the board after the producers and the distributors have been consulted.

HeinOnline -- 1995 vol. I 691 1995

~~(12)~~*(13)* The board may amend any official rule in the same manner provided ~~herein~~ *in this section* for the original establishment of milk pricing formulas. The board may in its discretion, when it determines *that* the need exists, give notice of and hold statewide public hearings affecting establishment or revision of milk pricing formulas.

~~(12)~~*(14)* Upon petition of a distributor or a majority of ~~his~~ *a distributor's* producers, the board shall ~~hold~~ a hearing to receive and consider evidence regarding the advisability and need for a base or quota plan as a method of payment by that distributor of producer prices~~; and if~~. *If* the board finds that the evidence ~~adduced~~ *provided* at ~~such~~ *the* hearing warrants the establishment of a base or quota plan, the board shall proceed by official order to establish the ~~same~~ *base or quota plan*.

~~(14)~~*(15)* (a) Upon petition hy 10% or 20 of the licensed producers in Montana, whichever is less, or upon petition by any licensed producer-distributor or distributor, the board shall ~~hold~~ a hearing to receive and consider evidence regarding the advisability and need for a statewide pooling arrangement as a method of payment of producer prices, provided that at ~~such~~ *the* hearing, the board shall among other things specifically receive and consider evidence concerning production and marketing practices ~~which~~ *that* have historically prevailed statewide. If tbe board finds that the evidence ~~adduced~~ *provided* at ~~such~~ *the* hearing warrants the establishment of a statewide pooling arrangement, the board shall proceed by official order to establish the ~~same; but such~~ *arrangement. An* official order ~~shall be of no force or effect~~ *is not effective* until it is approved in a referendum conducted by the board by mail and by secret ballot among affected producers, producer-distributors, and distributors. The board shall keep confidential the vote of each producer, producer-distributor, and distributor voting in the referendum. The official order must be approved by a majority of the producers, producer-distributors, and distributors voting, representing more than 50% of the milk produced in Montana that is to be included in the proposed pool, based on each producer's average monthly production for the 12 months immediately preceding the reforendum. If the hoard finds it necessary, the board may conduct more than one referendum on any order.

(b) The order of the board establishing the statewide pooling arrangement may include other provisions as *that* the board considers necessary for the proper and efficient operation of the pool. These provisions may include but are not limited to:

(i) a statewide hase or quota plan contemplatod in subsection ~~(13)~~ *(14)*;

HeinOnline -- 1995 vol. I 692 1995

(c) During the initial startup of a statewide pool, the department may draw from existing cash reserves te fund a pool settlement fund and a pool expense fund, but any withdrawals from tbe cash reserve must be reimbursed.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 4] authorizes the department of labor and industry to adopt rules to provide for prompt claims handling practices for injured workers, for employers, and for providers who are the customers of the workers' compensation system. It is the intent of the legislature that the department of labor and industry adopt rules providing claimants with written explanations of claims and the methodology of benefit calculation.

Be it enacted by the Legislature of the State of Montana:

Section 1. Stay pending determination by district court. Upon a motion and filing of an affidavit by either party and after a hearing, the workers' compensation judge may grant a stay of proceedings in the workers'

Section 2. Benefit reduction for third-party recovery. (1) If an employee is injured or dies and obtains a third-party recovery, settlement, or award, an insurer may reduce by 30% the benefits paid or that are required to be paid to the employee or beneficiary pursuant to chapter 71 or 72 as a result of the injury or death. The reduction applies to any recovery, settlement, or award regardless of the form of action or the nature of damages. The total of any reductions may not exceed 30% of any third-party recovery, settlement, or award.

(2) This section does not limit or prohibit an insurer's right to pursue subrogation pursuant to 39-71-414.

(3) If an insurer is entitled to subrogation pursuant to 39-71-414, the amount subrogated must be offset by any reduction in benefits pursuant to subsection (1).

Section 3. Payment of medical claims without acceptance of liability. (1) An insurer may pay a medical claim that is based upon the report of a nonwage loss injury or occupational disease without the payments being construed as an acceptance of liability for the claim.

(2) An insurer shall, within 10 days of making payment under subsection (1), notify the worker of the payment of the medical claim without acceptance of liability.

(3) Upon written request by a worker for the payment of indemnity benefits or for a determination of liability, the insurer shall investigate the claim to determine liability for the injury or occupational disease under 39-71-606 or 39-71-608.

Section 4. Insurers to act promptly on claims. (1) Pursuant to the public policy stated in 39-71-105, prompt claims handling practices are necessary to provide appropriate service to injured workers, to employers, and to providers who are the customers of the workers' compensation system.

(2) An insurer shall provide to the claimant:

(a) a written statement of the reasons that a claim is being denied at the time of denial;

(b) whenever benefits requested by a claimant are denied, a written explanation of how the claimant may appeal an insurer's decision; and

(c) a written explanation of the amount of wage loss benefits being paid to the claimant, along with an explanation of the calculation used te compute those benefits. The explanation must be sent within 7 days of the initial payment of the benefit.

(3) An insurer shall:

(a) begin making payments that are due on a claim within 14 days of acceptance of the claim, unless the insurer promptly notifies the claimant that

the insurer needs additional information in order to begin paying benefits and specifies the information needed; and

(b) pay settlements within 30 days of the date the department issues an order approving the settlement.

(4) An insurer may not make payments pursuant to 39-71-608 or any other reservation of rights for more than 90 days without:

(a) written consent of the claimant; or

(b) approval of the department.

(5) The department may adopt rules to implement this section.

(b) (i) As used in this subsection (26), "disability" means a condition in which a worker's ability to engage in gainful employment is diminished as a result of physical restrictions resulting from an injury. (3) ~~For~~ *(a) Except as provided in subsection (3)(b), for* compensation benefit purposes, the average actual earnings for the four pay periods immediately preceding the injury are the employee's wages, except *that* if:

~~(a)~~ the term of employment for the same employer is less than four pay periods, ~~in which case~~ the employee's wages are the hourly rato times the number of hours in a week for which the employee was hired to work~~; or~~.

(b) ~~for~~ *For* good cause shown, ~~by the claimant, the use of the four pay periods does not accurately reflect the claimant's employment history with the employer, in which case the insurer may use additional pay periods~~ *if the use of the last four pay periods does not accurately reflect the claimant's employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.*

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). *As used in this subsection, "coneurrent employment" means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.*

(b) The compensation benefits for a covered volunteer must be based on the average actual wages in the volunteer's regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which the volunteer is disabled by the injury incurred.

HeinOnline -- 1995 vol. I 701 1995

(5) The compensation benefits and the payroll, for premium purposes, for a volunteer firefighter covered pursuant to 39-71-118 must be based upon a wage of not less than $900 a month and not more than 1 1/2 times the average weekly wage as defined in this chapter."

Section 8. Section 39-71-407, MCA, is amended to read:

"39-71-407. **Liability of insurers — limitations.** (1) ~~Every~~ *Each* insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee's beneficiaries, if any.

(2) (a) An insurer is liable for an injury, as defined in 39-71-119, *if the injury is established by objective medical findings and* if the claimant establishes that it is more probable than not that:

(i) a claimed injury has occurred; or

(ii) a claimed injury aggravated a preexisting condition.

(b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

(3) An employee who suffers an injury or dies while traveling is not covered by this chaptor unless:

(a) (i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee's benefits or employment agreement; and

(ii) the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or

(b) the travel is required by the employer as part of the employee's job duties.

(4) An employee is not eligible for benefits otherwise payable under this chapter if the employee's use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident. However, if the employer had knowledge of and failed to attempt to stop the employee's use of alcohol or drugs, this subsection does not apply.

(5) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers' compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(6) An employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that

contain sufficient factual and historical information concerning the relationship of the worker's condition to the original injury.

~~(6)~~*(7)* As used in this section, "major contributing cause" means a cause that is the leading cause contributing to the result when compared to all other contributing causes."

Section 9. Section 39-71-603, MCA, is amended to read:

"**39-71-603. Notice of injuries other than death to be submitted within thirty days.** ~~No~~ *(1) A* claim to recover benefits under the Workers' Compensation Act~~,~~ for injuries not resulting in death~~,~~ may *not* be considered compensable unless, within 30 days after the occurrence of the accident ~~which~~ *that* is claimed to have caused the injury, notice of the time and place where the accident occurred and the nature of the injury is given to the employer or the employer's insurer by the injured employee or someone on the employee's behalf. Actual knowledge of the accident and injury on the part of the employer or the employer's managing agent or superintendent in charge of the work ~~upon~~ *in* which the injured employee was engaged at the time of the injury is equivalent to notice.

(2) If a sole proprietor, partner, manager of a manager-managed limited liability company, member of a member-managed limited liability company, or corporate officer covered under this chapter is injured in an accident, the sole proprietor, partner, manager, member, or corporate officer or an appointed designee shall, within 30 days, notify the insurer of the time and location of the accident and the nature of the injury."

Section 10. Section 39-71-609, MCA, is amended to read:

"**39-71-609. Denial of claim after payments made or termination of all benefits or reduction to partial benefits by insurer — fourteen days' notice required — *exception*.** ~~If~~ *(1) Except as provided in subsection (2), if* an insurer determines to deny a claim on which payments have been made under 39-71-608 during a time of further investigation or, after a claim has been accepted, terminates all biweekly compensation benefits, it may do so only after 14 days' written notice to the claimant, the claimant's authorized representative, if any, and the department. For injuries occurring prior to July 1, 1987, an insurer must give 14 days' written notice to the claimant before reducing benefits from total to partial. However, if an insurer has knowledge that a claimant has returned to work, compensation benefits may be terminated as of the time the claimant returned to work.

(2) Temporary total disability benefits may be terminated on the date that the worker has been released to return to work in some capacity."

Section 11. Section 39-71-701, MCA, is amended to read:

"**39-71-701. Compensation for temporary total disability — exception.** (1) Subject to the limitation in 39-71-736 and subsection (4) of this section, a worker is eligible for temporary total disability benefits:

(a) when the worker suffers a total loss of wages as a result of an injury and until the worker reaches maximum healing; *or*

HeinOnline -- 1995 vol. I 703 1995

(b) until the worker has been released to return to the employment in which the worker was engaged at the time of the injury or to employment with similar physical requirements.

(2) The determination of temporary total disability must be supported by a preponderance of *objective* medical ~~evidence~~ *findings*.

(3) Weekly compensation benefits for injury producing temporary total disability are 66 2/3% of the wages received at the time of the injury. The maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury. Temporary total disability benefits must be paid for the duration of the worker's temporary disability. The weekly benefit amount may not be adjusted for cost of living as provided in 39-71-702(5).

(4) If the treating physician releases a worker to return to the same, a modified, or an alternative position that the individual is able and qualified to perform with the same employer at an equivalent or higher wage than the individual received at the time of injury, the werker is no longer eligible for temporary total disability benefits even though the worker has not reached maximum healing. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available for any reason to the worker and the worker continues to be temporarily totally disabled, as defined in 39-71-116.

(5) In cases ~~where~~ *in which* it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for ~~such~~ *the* week, which amount is to be calculated from the date of the disability social security entitlement.

(6) If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan.

(7) A worker may not receive both wages and temporary total disability benefits without the written consent of the insurer. A worker who receives both wages and temporary total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301."

Section 12. Section 39-71-702, MCA, is amended to read:

"39-71-702. **Compensation for permanent total disability.** (1) If a worker is no longer temporarily totally disabled and is permanently totally disabled, as defined in 39-71-116, the worker is eligible for permanent total disability benefits. Permanent total disability benefits must be paid for the duration of the worker's permanent tetal disability, subject to 39-71-710.

(2) The determination of permanent tetal disability must be supported by a preponderance of *objective* medical ~~evidence~~ *findings*.

(3) Weekly compensation benefits for an injury resulting in permanent total disability are 66 2/3% of the wages received at the time of the injury. The

maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury.

(4) In cases ~~where~~ *in which* it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for the week, which amount is to be calculated from the date of the disability social security entitlement.

(5) A worker's benefit amount must be adjusted for a cost-of-living increase on the next July 1 after 104 weeks of permanent total disability benefits have been paid and on each succeeding July 1. A worker may not receive more than 10 adjustments. The adjustment must be the percentage increase, if any, in the state's average weekly wage as adopted by the department over the state's average weekly wage adopted for the previous year or 3%, whichever is less.

(6) A worker may not receive both wages and permanent total disability benefits without the written consent of the insurer. A worker who receives both wages and permanent total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301.

(7) If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan."

Section 13. Section 39-71-703, MCA, is amended to read:

"**39-71-703. Compensation for permanent partial disability.** (1) If an injured worker suffers a permanent partial disability and is no longer entitled to temporary total or permanent total disability benefits, the worker is entitled to a permanent partial disability award: *if that worker:*

(a) has an actual wage loss as a result of the injury; and

(b) has a permanent impairment rating that:

(i) is established by objective medical findings; and

(ii) is more than zero as determined by the latest edition of the American medical association Guides to the Evaluation of Permanent Impairment.

(2) When a worker receives an impairment rating as the result of a compensable injury and has no actual wage loss as a result of the injury, the worker is eligible for an impairment award only.

~~(2)~~*(3)* The permanent partial disability award must be arrived at by multiplying the percentage arrived at through the calculation provided in subsection ~~(3)~~ *(4)* by 350 weeks.

~~(3) An~~ *(4) A permanent partial disability* award granted an injured worker may not exceed a permanent partial disability rating of 100%. ~~The criteria for the rating of disability must be calculated using the medical impairment rating~~

~~as determined by the latest edition of the American medical association Guides to the Evaluation of Permanent Impairment.~~

(5) The percentage to be used in subsection ~~(2)~~ *(3)* must be determined by adding *all of* the following applicable percentages to the impairment rating:

(a) if the claimant is ~~30~~ *40* years of age or younger at the time of injury, 0%; if the claimant is over ~~30~~ *40* years of age ~~but under 56 years of age~~ at the time of injury, ~~2%~~ *1%*; ~~and if the claimant is 56 years of age or older at the time of injury, 3%;~~

(b) for a worker who has completed less than ~~9~~ *12* years of education, ~~3%~~ *1%*; for a worker who has completed ~~9 through~~ 12 years *or more* of education or who has received a graduate equivalency diploma, ~~2%~~ *0%*; ~~for a worker who has completed more than 12 years of education, 0%;~~

(c) if a worker has no *actual* wage loss as a result of the industrial injury, 0%; if a worker has an actual wage loss of $2 or less an hour as a result of the industrial injury, 10%; if a worker has an actual wage loss of more than $2 an hour as a result of the industrial injury, 20%~~; and~~. *Wage loss benefits must be based on the difference between the actual wages received at the time of injury and the wages that the worker earns or is qualified to earn after the worker reaches maximum healing.*

(d) if a worker, at the time of the injury, was performing heavy labor activity and after the injury the worker can perform only light or sedentary labor activity, ~~20%~~ *5%*; if a worker, at the time of injury, was performing heavy labor activity and after the injury the worker can perform only medium labor activity, ~~15%~~ *3%*; if a worker was performing medium labor activity at the time of the injury and after the injury the worker can perform only light or sedentary labor activity, ~~10%~~ *2%*.

~~(4)~~*(6)* The weekly benefit rate for permanent partial disability is 66 2/3% of the wages received at the time of injury, but the rate may not exceed one-half the state's average weekly wage. The weekly benefit amount established for an injured worker may not be changed by a subsequent adjustment in the state's average weekly wage for future fiscal years.

~~(5)~~*(7)* If a worker suffers a subsequent compensable injury or injuries to the same part of the body, the award payable for the subsequent injury may not duplicate any amounts paid for the previous injury or injuries.

(8) If a worker is eligible for a rehabilitation plan, permanent partial disability benefits payable under this section must be calculated based on the wages that the worker earns or would be qualified to earn following the completion of the rehabilitation plan.

~~(5)~~*(9)* As used in this section:

(a) "heavy labor activity" means the ability to lift over 50 pounds occasionally or up to 50 pounds frequently;

(b) "medium labor activity" means the ability to lift up to 50 pounds occasionally or up to 25 pounds frequently;

HeinOnline -- 1995 vol. I 706 1995

(c) "light labor activity" means the ability to lift up to 25 pounds occasionally or up to 10 pounds frequently; and

(d) "sedentary labor activity" means the ability to lift up to 10 pounds occasionally or up to 5 pounds frequently."

Section 14. Section 39-71-710, MCA, is amended to read:

"**39-71-710. Termination of benefits upon retirement.** (1) If a claimant is receiving disability or rehabilitation compensation benefits and the claimant receives social security retirement benefits or is eligible to receive *or is receiving* full social security *retirement benefits or retirement benefits from a system that is an alternative to social security* retirement ~~benefits~~, the claimant is considered to be retired. When the claimant is ~~considered~~ retired, the liability of the insurer is ended for payment of ~~wage supplement~~ *permanent partial disability benefits other than the impairment award, payment of* permanent total disability *benefits*, and *payment of* rehabilitation compensation benefits. However, the insurer remains liable for temporary total disability benefits, any impairment award, and medical benefits.

(2) If a claimant who is eligible *under subsection (1)* to receive ~~social security~~ retirement benefits and ~~is~~ *while* gainfully employed suffers a work-related injury, the insurer retains liability for temporary total disability benefits, any impairment award, and medical benefits."

Section 15. Section 39-71-711, MCA, is amended to read:

"**39-71-711. Impairment evaluation — ratings.** (1) An impairment rating:

(a) is a purely medical determination and must be determined by an impairment evaluator after a claimant has reached maximum healing;

(b) must be based on the current edition of the Guides to Evaluation of Permanent Impairment published by the American medical association; and

(c) must be expressed as a percentage of the whole person*; and*

(d) must be established by objective medical findings.

(2) A claimant or insurer, or both, may obtain an impairment rating from an evaluator who is a medical doctor or from an evaluator who is a chiropractor if the injury falls within the scope of chiropractic practice. If the claimant and insurer cannot agree upon the rating, the mediation procedure in part 24 of this chapter must be followed.

(3) An evaluator must be a physician licensed under Title 37, chapter 3, except if the claimant's treating physician is a chiropractor, the evaluator may be a chiropractor who is certified as an evaluator under chapter 12.

(4) Disputes over impairment ratings are not subject to 39-71-605."

Section 16. Section 39-71-712, MCA, is amended to read:

"**39-71-712. Temporary partial disability benefits.** (1) If, prior to maximum healing, an injured worker has a physical restriction and is approved

HeinOnline -- 1995 vol. I 707 1995

to return to a modified or alternative employment that the worker is able and qualified to perform and the worker suffers an actual wage loss as a result of a temporary work restriction, the worker qualifies for temporary partial disability benefits.

(2) An insurer's liability for temporary partial disability must be the difference between the injured worker's average weekly wage received at the time of the injury, subject to a maximum of 40 hours a week, and the actual weekly wages earned during the period that the claimant is temporarily partially disabled, not to exceed the injured worker's temporary total disability benefit rate.

(3) Temporary partial disability benefits are limited to a total of 26 weeks. *The insurer may extend the period of temporary partial disability payments.*

(4) A worker requalifies for temporary total disability benefits if the modified position is no longer available to the worker and the worker continues to be temporarily totally disabled as defined in 39-71-116.

(9) The registration of an investment adviser representative is not effective during any period when the person is not associated with an investment adviser registered under this act and specified in the application. When an investment adviser representative begins or terminates a connection with an investment adviser, the investment adviser shall promptly notify the commissioner.

(10) Registration of a broker-dealer, salesperson, investment adviser, or investment adviser representative may be renewed by filing, prior to the expiration of the registration, an application containing information as the commissioner may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, salesperson, investment adviser, or investment adviser representative filed by the applicant, payment of the prescribed fee, and, in the case of a hroker-dealer who is not a member of NASD, inc., by filing a financial statement showing the financial condition of the broker-dealer as of a date within 90 days. A registered broker-dealer or investment adviser may file an application for registration of a successor, to become effective upon approval of the commissioner.

(11) Every registered broker-dealer and investment adviser shall make and keep accounts and other records, except with respect to securities exempt under 30-10-104(1), as may be prescribed by the commissioner. All required records must be preserved for 3 years unless the commissioner prescribes otherwise for particular types of records. All the records of a registered broker-dealer or investment adviser are subject at any time or from time to time to reasonable periodic, special, or other examinations, within or outside this state, by representatives of the commissioner, as the commissioner considers necessary or appropriate in the public interest or for the protection of investors.

(12) The commissioner may by order deny, suspend, or revoke registration of any broker-dealer, salesperson, investment adviser, or investment adviser representative if the commissioner finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, directer, person occupying a similar status or performing similar functions, or person directly or indirectly controlling the broker-dealer or investment adviser:

(a) has filed an application for registration under this section ~~which~~ *that*, as of its effective date or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement ~~which~~ *that* was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(b) has willfully violated or willfully failed to comply with any provision of parts 1 through 3 of this chapter or a predecessor law or any rule or order under parts 1 through 3 of this chapter or a predecessor law;

(c) has been convicted of any misdemeanor involving a security or any aspect of the securities business or any felony;

(d) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

(g) has engaged in dishonest or unethical practices in the securities business;

(h) is insolvent, either in the sense that the person's liabilities exceed the person's assets or in the sense that the person cannot meet obligations as they mature, but the commissioner may not enter an order against a broker-dealer or investment adviser under this subsection (12) without a finding of insolvency as to the broker-dealer or investment adviser;

(i) has not complied with a condition imposed by the commissioner under this section or is not qualified on the basis of such factors as training, experience, or knowledge of the securities business;

(j) has failed to pay the proper filing fee, but the commissioner may enter only a denial order under this subsection (12), and the commissioner shall vacate any order when the deficiency has been corrected; or

(k) has failed to reasonably supervise the person's salespersons or employees or investment adviser representatives or employees to assure their compliance with this act.

(13) The commissioner may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to the commissioner when registration became effective unless the proceeding is instituted within 30 days after the date on which the registration became effective.

(14) The commissioner may by order summarily postpone or suspend registration pending final determination of any proceeding under this section.

(15) Upon the entry of the order under subsection (12) of this section, the commissioner shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is a salesperson or investment adviser representative, that it has been entered and of the reasons for the order and that if requested by the applicant or registrant within 15 days after the receipt of the commissioner's notification the matter will be promptly set for hearing. (18) A sole proprietor registered as a broker-dealer or investment adviser who does not employ other salespersons or investment adviser representatives, other than the sole proprietor, is not required to register as both a broker-dealer and a salesperson or as an investment adviser and an investment adviser representative if the sole proprietor meets the examination requirements estahlished hy the commissioner by rule.

The commissioner shall by rule provide for a form that a person who passes the general securities principal's examination shall file with the commissioner as a verification of having passed the examination unless the commissioner can verify electronically that the person has passed the exam."

AN ACT GENERALLY REVISING CHILD SUPPORT LAWS AND THE METHOD BY WHICH THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES COLLECTS AND ENFORCES SUPPORT; AUTHORIZING SALE OF SUPPORT DEBTS; AMENDING SECTIONS 27-2-201, 40-5-202, 40-5-206, 40-5-221, 40-5-226, 40-5-255, AND 40-5-443, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

HeinOnline -- 1995 vol. I 789 1995

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-5-202, MCA, is amended to read:

"40-5-202. Department of social and rehabilitation services — powers and duties regarding collection of support debt. (1) The department may take action under the provisions of this ~~part~~ *chapter*, the abandonment or nonsupport statutes, the Uniform Parentage Act established in Title 40, chapter 6, part 1, and other appropriate state and federal statutes to provide IV-D services if the department:

(a) receives a referral from the department of social and rehabilitation services or the department of family services on behalf of the child;

(b) is providing ~~child support enforcement~~ services under 40-5-203; or

(c) receives an interstate referral, whether under the Revised Uniform Reciprocal Enforcement of Support Act, the Uniform Interstate Family Support Act, or an interstate action by a Title IV-D agency of another state.

(2) A verified statement, filed by the department, that it is providing services is prima facie evidence of its authority to act. ~~The~~ *Upon filing, the* department may, *on behalf of itself or on behalf of the obligee, obligor, or child,* initiate, participate in, *intervene in,* or exercise any remedy available in a judicial or an administrative action on the same basis as any other party.

(3) Whether acting on its own behalf or on behalf of the obligee, obligor, or child, the department and its attorneys serve the public interest in ensuring that children are supported by their parents, rather than maintained by public assistance. The department does not represent the interests of any individual person, and its attorneys represent only the department. An attorney-client relationship is not created between department attorneys and any person or entity other than the department. The obligee, obligor, and child may obtain the services of a private attorney to represent their interests. The existence or appearance of a private attorney as counsel of record for the obligee, obligor, or child does not affect the department's right to act or provide services under this chapter. This chapter does not require the department to provide a private attorney for, or to pay for a private attorney for, an obligee, obligor, or child.

~~(3)~~*(4)* The department has the power of attorney to act in the name of any obligee to endorse and cash any ~~and all~~ drafts, checks, money orders, or other negotiable instruments received by the department on behalf of a child.

~~(4)~~*(5)(a)* ~~The~~ *If the* department ~~is a party to and~~ *is providing IV-D services, the department* must be afforded notice and an opportunity to participate *as an independent party* in any proceeding relating to paternity, *to termination of parental rights,* or to the establishment, enforcement, or modification of a support obligation, whether initiated by the obligee, the obligor, or the child. ~~A recipient of services may not act to prejudice the rights of the department while the services are being provided.~~

(b) The notice must reasonably inform the department of the issues to be determined in the proceeding, the names of the parties and the child, and the identity and location of the tribunal in which the issues will be determined. The notice is for informational purposes only and is not intended as a substitute for

procedures necessary under the Montana Rules of Civil Procedure to establish personal jurisdiction over the department. Whether or not the department is given notice, an agreement, judgment, decree, or order is void as to any interest of the department that is or may be affected by the agreement, judgment, decree, or order if the department was not joined as a party in the manner provided in the Montana Rules of Civil Procedure.

(c) The notice must be personally served on the department. Within 20 days after service of the notice, the department may:

(i) decline to enter the proceeding as a party, in which case the proceeding may continue without the department's participation;

(ii) inform the tribunal that a substantial interest of the department could be adversely affected by the proceeding, in which case the proceeding may not continue without joining the department as a necessary party in the manner provided in the Montana Rules of Civil Procedure; or

(iii) inform the tribunal that prior to the filing of the proceeding, the department initiated an administrative proceeding under this chapter in which the parties and some or all of the issues are the same as those in the proceeding before the tribunal. The tribunal shall then discontinue the proceeding as to the common issues until administrative remedies have been exhausted.

(6) (a) A recipient or former recipient of public assistance who assigned support rights under 53-2-613 or a collection agency acting on behalf of the recipient or former recipient may collect only that part of a delinquent support amount that accrued after termination of public assistance. The recipient, former recipient, or collection agency may not commence or maintain an action against or make an agreement with the obligor to recover an assigned delinquent support amount unless the department, in writing:

(i) releases or relinquishes its assigned interest;

(ii) declares the support debt owed the department to be satisfied, in which case the balance of the delinquent amount is released; or

(iii) consents to the action or agreement.

(b) If a recipient, former recipient, or collection agency collects or receives value for any part of an assigned delinquent support amount and the department has not given its consent or released or relinquished its assigned interest, the recipient, former recipient, or collection agency shall make prompt and full restitution to the department. If prompt and full restitution is not made, the department may send a written demand to the recipient, former recipient, or collection agency, and if prompt and full restitution is not made within 20 days of the date of the written demand, the recipient, former recipient, or collection agency is liable for damages equal to double the amount collected or value received. The amount of damages may be determined and assessed by the department under the contested case provisions of the Montana Administrative Procedure Act. The damages may be collected by the department by any method or remedy available for the enforcement of child support owed by an obligor parent.

HeinOnline -- 1995 vol. I 791 1995

(c) This subsection (6) does not limit the right of a person to recover money not assigned. If there are competing proceedings against an obligor for collection of delinquent support, the collection of support assigned to the department takes priority over the obligor's income and assets.

(7) An applicant for or recipient of services may not act to the prejudice of the department's rights while the services are being provided.

~~(5)~~*(8)* ~~If child support enforcement services are being or have been provided under this part~~ *Unless the department has consented to the agreement in writing, if public assistance is being or has been paid for a child,* an agreement between ~~any~~ *an* obligee and ~~any~~ *an* obligor ~~either relieving an obligor of any duty of support or purporting to settle past, present, or future support obligations either as settlement or prepayment may~~ *or a judgment, decree, or order adopting the agreement does* not act to reduce or terminate any rights of the department *to establish a support order or* to recover *a support debt* from the obligor ~~for support debt provided unless the department has consented to the agreement in writing,~~ *even if the agreement, judgment, decree, or order purports to:*

(a) relieve or terminate the obligor's support duty;

(b) waive, modify, compromise, or discharge the support debt;

(c) prepay future support obligations or settle past, present, or future support obligations; or

(d) permit the obligor to pay past, present, or future support obligations:

(i) with noncash contributions;

(ii) by the payment of other debts or obligations, such as vehicle, rent, and mortgage payments; or

(iii) by making contributions to a trust or other account or payments toward an asset if the contributed amounts are unavailable to the department.

~~(6)~~*(9)* The department may petition a court or an administrative agency for modification of any order on the same hasis as a party to that action is entitled to do.

~~(7)~~*(10)* The department is subrogated to the right of the child or obligee to maintain any civil action or execute any administrative remedy available under the laws of this or any other state to collect a support debt. This right of subrogation is in addition to and independent of the assignment under 53-2-613 and the support debt created by 40-5-221.

~~(6)~~*(11)* If public assistance is being or has been paid, the department is subrogated to the debt created by a support order and any money judgment is considered to be in favor of the department. This subrogation is an addition to any assignment made under 53-2-613 and applies te the lesser of:

(a) the amount of public assistance paid; or

(b) the amount due under the support order.

HeinOnline -- 1995 vol. I 792 1995

~~(9)~~*(12)* The department may adopt and enforce the rules necessary to carry out the provisions of this part.

~~(10)~~*(13)* ~~The department, for~~ *While providing services under this chapter and in order to carry out* the purposes mentioned in this ~~part~~ *chapter, the department,* through its director or the director's authorized representatives, may:

(a) administor oaths ~~to~~;

(g) conduct proceedings supplementary to and in aid of a writ of execution or warrant for distraint, including the examination of an obligor or other person in the manner provided for the taking of a deposition in a civil action.

~~(11)~~*(14)* ~~When~~ *In addition to any other requirement for service provided by the Montana Rules of Civil Procedure, if* a person is required to give notice to, serve, or provide a written response to the department ~~in a proceeding concerning the establishment or enforcement of child support~~ *under this chapter*, the notice, service, or response must be made to the department's child support enforcement division."

Section 2. Section 40-5-206, MCA, is amended to read:

"40-5-206. Central unit for information and administration — cooperation enjoined — availability of records. (1) The department shall establish a central unit to serve as a registry for the receipt of information, for answering interstate inquiries concerning deserting parents, for receiving and answering requests for information made by consumer reporting agencies under 40-5-261, to coordinate and supervise departmental activities in relation to deserting parents, and to ~~assure~~ *ensure* effective cooperation with law enforcement agencies.

(2) If services are provided to a child under this part, the department may request and, notwithstanding any statuto making the information confidential, all state, county, and city agencies, officers, and employees ~~must~~ *shall* provide on request information, if known, concerning an obligor *or obligee*, including:

(3) Any information obtained by the department during the course of a child support investigation that is confidential at the source must be treated by the department as confidential and must be safeguarded accordingly. *The department may release information obtained from nonconfidential public and private sources, including information regarding support orders, judgments, and payment records.*

(4) Use or disclosure of information obtained by the department from confidential sources of and information maintained by the department in its records, including the names, addresses, and social security numbers of obligors and obligees, is limited to:

(a) purposes directly related to the provision of services under this chapter;

(b) county attorneys and courts having jurisdiction in support and abandonment proceedings ~~or actions or~~ *and* agencies in other states engaged in the enforcement of support of minor children ~~as authorized by the rules of the department and by the provisions of~~ *under* the federal Social Security Act; and

(c) any other use permitted or required by the federal Social Security Act."

Section 3. Confidentiality of paternity hearings and records of proceedings. Because of the privacy interests involved, a hearing under 40-5-231 through 40-5-237 and this section for the purpose of determining paternity or reasonable cause to pursue paternity blood testing is closed to the public. Attendance of others may be limited hy the hearing officer as necessary to protect privacy rights. All papers and records of the proceedings, other than a final adjudication of paternity, are closed to public inspection, except that they may be opened upon consent of the parties and the hearing officer or, in exceptional cases, by order of the hearing officer.

Section 4. Section 40-5-221, MCA, is amended to read:

"**40-5-221. Debt to state by obligor — limitations.** (1) Except as provided in subsection (2), any payment of public assistance money made to or for the benefit of a child creatos a debt due and owing the state of Montana by the obligor in an amount equal to the amount of public assistance money so paid. In the case of an obligor who is an adoptive parent, a debt for public assistance paid may not accrue prior to the dato of adoption.

(2) If a support order has been entered, the support debt created by this section may not exceed the amount of the order.

(3) If a child has been placed in foster care and a written agreement for payment of support exists between the obligor and any state agency, the support

HeinOnline -- 1995 vol. I 794 1995

debt is limited to the amount provided for in the agreement. However, if a support order is or has been entered, the provisions of the order prevail over the agreement.

(4) The department shall adopt rules based on ability to pay, with respect to the level of support to be provided for in ~~such~~ *the* agreements or modifications of ~~such~~ *the* agreements based on changed circumstances.

(5) The department may establish and collect a debt created under this section in a proceeding that is in addition to and independent of the subrogation creatod by 40-5-202~~(7)~~ and the assignment under 53-2-613."

Section 5. Section 40-5-226, MCA, is amended to read:

"40-5-226. Administrative hearing — nature — place — time — determinations — failure to appear — entry of final decision and order. (1) The administrative hearing is defined as a "contested case".

(2) If a hearing is requested, it must be scheduled within 20 days.

(3) The hearing officer shall determine the liability and responsibility, if any, of the obligor under the notice and shall enter a final decision and order in accordance with the determination. *The order may award support from the date of:*

(a) the child's birth if paternity was established under 40-5-231 through 40-5-237 and [section 3] or under Title 40, chapter 6, part 1, subject to the limitation in 40-6-108(3)(b);

(b) the parties' separation if support is initially established under 40-5-225; or

(c) notice to the parties of a support modification request under 40-5-273.

(4) If the obligor fails to appear at the hearing or fails to timely request a hearing, the hearing officer, upon a showing of valid service, shall enter a decision and order declaring the amount stated in the notice to be final.

(5) In a hearing to determine financial responsibility, whether temporary or final, and in any proceeding to modify support under 40-5-273, the monthly support responsibility must be determined in accordance with the evidence presented and with reference to the uniform child support gnidelines adopted by the department under 40-5-209. The hearing officer is not limited to the amounts stated in the notice. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the order is entered upon the parties' consent. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the hearing officer finds by clear and convincing evidence that the application of the ~~standards and~~ guidelines is unjust to the child or to any of the parties or is inappropriate in a particular case. If the hearing officer finds that the guideline amount is unjust or inappropriate in a particular case, the hearing officer shall state the reasons for finding that the application of the ~~standards and~~ guidelines is unjust to the child

HeinOnline -- 1995 vol. I 795 1995

or a party or is inappropriate in that particular case. Similar findings must also be made in a case in which the parties have agreed to a support amount that varies from the guideline amount. *The hearing officer may vary the application of the guidelines to limit the obligor's liability for past support to the proportion of expenses already incurred that the hearing officer considers just.* Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(6) Within 20 days of the hearing, the hearing officer shall enter a final decision and order. The determination of the hearing officer constitutes a final agency decision, subject to judicial review under 40-5-253 and the provisions of the Montana Administrative Procedure Act.

(7) A support order entered under this part must contain a statement that the order is subject to review and modification by the department upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under IV-D for the enforcement of the order.

(8) A support debt determined pursuant to this section is subject to collection action without further necessity of action by the hearing officer.

(9) A support debt or a support responsibility determined under this part by reason of the obligor's failure to request a hearing under this part or failure to appear at a scheduled hearing may be vacated, upon the motion of an obligor, by the hearing officer within the time provided and upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure.

(10) Unless the hearing officer makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, ~~every~~ *each* order establishing a child support obligation, whether temporary or final, and each modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearing officer.

(11) For the purposes of income withholding provided for in subsection (10), whenever the department establishes or modifies a child support obligation, the department's order must include a provision requiring the obligor, for as long as the department is providing support enforcement services, to keep the department informed of the name and address of the obligor's current employer, whether the obligor has access to health insurance through an employer or other group, and, if so, the health insurance policy information.

(12) The hearing officer may:

(a) compel obedience to the hearing officer's orders, judgments, and process and te any orders issued by the department, including income-withholding orders issued pursuant to 40-5-415;

(b) compel the attendance of witnesses at administrative hearings;

(c) compel obedience of subpoenas for paternity blood tests;

(d) compel the production of accounts, books, documents, and other evidence; and

(e) punish for civil contempt. Contempt authority does not prevent the department from proceeding in accordance with the provisions of 2-4-104.

(13) A contempt occurs whenever:

(a) a person acts in disobedience of any lawful order, judgment, or process of the hearing officer or of the department;

(b) a person compelled by subpoena to appear and testify at an administrative hearing or to appear for genetic paternity tests fails to do so;

(c) a person compelled by subpoena duces tecum to produce evidence at an administrative hearing fails to do so;

(d) an obligor or obligee subject to a discovery order issued by the hearing officer fails to comply with discovery requests; or

(e) a payor under an order to withhold issued pursuant to 40-5-415 fails to comply with the provisions of the order. In the case of a payor under an income-withholding order, a separate contempt occurs each time *that* income is required to be withheld and paid to the department and the payor fails to take the required action.

(14) An affidavit of the facts constituting a contempt must be submitted to the hearing officer, who shall review it to determine whether there is cause to believe that a contempt has been committed. If cause is found, the hearing officer shall issue a citation requiring the alleged contemnor to appear and show cause why the alleged contemnor should not be determined to be in contempt and required to pay a penalty of not more than $500 for each count of contempt. The citation, along with a copy of the affidavit, must be served upon the alleged contomnor either by personal service or by certified mail. All other interested persons may be served a copy of the citation by first-class mail.

(15) At the time and date set for hearing, the hearing officer shall proceed to hear witnesses and take evidence regarding the alleged contempt and any defenses to the contempt. If the alleged contemnor fails to appear for the hearing, the hearing may proceed in the alleged contemnor's absence. If the hearing officer finds the alleged contemnor in contempt, the hearing officer may impose a penalty of not more than $500 for each count found. The hearing officer's decision constitutes a final agency decision, subject to judicial review under 40-5-253 and subject to the provisions of Title 2, chapter 4.

(16) An amount imposed as a penalty may be collected by any remedy available to the department for the enforcement of child support obligations, including warrant for distraint pursuant to 40-5-247, income withholding pursuant to Title 40, chapter 5, part 4, and state debt offset, pursuant to Title 17, chapter 4, part 1. The department may retain any penalties collected under this section to offset the costs of administrative hearings conducted under this chapter.

(17) The penalties charged and collected under this section must be paid into the state treasury to the credit of the child support enforcement division special

HeinOnline -- 1995 vol. I 797 1995

revenue fund and must be accompanied by a detailed statement of the amounts collected."

Section 6. Section 40-5-255, MCA, is amended to read:

"**40-5-255. Charging off child support debts as uncollectible — *sale of support debts.*** (1) Any support debt due the department from an obligor, which debt the department determines uncollectible, may be transferred from accounts receivable to a suspense account and cease to be accounted as an asset. If a warrant for distraint has been filed and the support debt has subsequently been charged off as uncollectible, the department shall issue a release of lien.

(2) At any time after 10 years from the date of tormination of the support obligation, the department may charge off as uncollectible any support debt upon which the department finds there is no available, practical, or lawful means by which the support debt may be collected. A proceeding or action under the provisions of this part may not be begun after expiration of the 10-year period to institute collection of a support debt. This part may not be construed to render invalid or nonactionable a warrant for distraint issued by the department prior to the expiration of the 10-year period or an assignment of earnings executed prior te the expiration of the 10-year period.

(3) The department may discount and sell to a private collection agency, credit bureau, or other private entity any interest that the state and the department may have in the unpaid balance of the support debt created by 40-5-221 and 53-4-248 or assigned to the department under 53-2-613.

(a) The sale must be by sealed bid to the highest bidder provided that the highest bid is not less than 10% of the value of the support debt subject to the sale.

(b) The sale must be subject to conditions and terms that the department may set out in a sales contract.

(c) The department shall publish notice of the sale in a newspaper having statewide circulation once a week for 4 successive weeks.

(d) Proceeds must be paid into the state treasury to the credit of the child support enforcement division special revenue fund."

Section 7. Section 40-5-443, MCA, is amended to read:

"**40-5-443. Payors to provide information — exemption from liability.** (1) For the purposes of this part, upon written request by the department, a payor or former payor and any labor union of which the obligor *or obligee* is or may have been a member shall provide tbe department with the following information, if known, regarding tbe obligor *or obligee*:

(e) whether health insurance coverage is or was available ~~to the obligor~~ through the payor or union and, if so:

(i) the name of the insurer or health care provider;

(ii) the policy numbers or other identifiers; and

(f) names, telephone numbers, and addresses of current and former employers, payors, and unions.

(2) A payor *or union* ~~who~~ *that* discloses information to the department in compliance with this section is exempt from any liability to the obligor *or obligee* that may result from ~~such~~ *the* disclosure."

Section 8. Section 27-2-201, MCA, is amended to read:

"**27-2-201. Actions upon judgments.** (1) Except as provided in ~~subsection~~ *subsections* (3) *and (4),* the period prescribed for the commencement of an action upon a judgment or decree of any court of record of the United States or of any state within the United States is within 10 years.

(2) The period prescribed for the commencement of an action upon a judgment or decree rendered in a court not of record is within 5 years. The cause of action is considered, in that case, to have accrued when final judgment was rendered.

(3) The period prescribed for the commencement of an action to collect past-due child support that has accrued after October 1, 1993, under an order entered by a court of record or administrative authority is within 10 years of the termination of support obligation.

(4) The period prescribed for the commencement of an action to collect past-due child support that has accrued under a support order issued in another state, in a foreign country, or in a tribal court is as provided in subsection (3) or as provided in the law of the issuing jurisdiction, whichever period is longer."

Section 9. Codification instruction. [Section 3] is intended to be codified as an integral part of Title 40, chapter 5, part 2, and the provisions of Title 40, chapter 5, part 2, apply to [section 3].

Section 10. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. Section 12. Section 32-6-102, MCA, is amended to read:

"32-6-102. Findings and purpose. ~~(1)~~ The legislature has determined that ~~development of electronic funds transfer systems is a technology which promises convenience and efficiency for all types of financial depository institutions and their customers. The legislature further finds that this technology threatens to proliferate rapidly; that there presently exists no adequate governmental regulation, federal or state, to control orderly development of this technology to prevent market domination and monopolies, to provide parity for all financial depository institutions, to provide mandatory sharing of such systems, and to assure nondiscriminatory access to such systems at nondiscriminatory rates on the part of all who are involved in the use of this technology.~~ *electronic funds transfer systems are technologies offered by all types*

of financial depository institutions. These technologies provide the consumer with both convenience and efficiency in making financial transactions. Regulation E of the federal Electronic Fund Transfer Act addresses many of the consumer issues relating to these systems. This chapter ~~shall apply~~ *applies* te financial institutions chartered under the United States Code *or Title 30, chapter 1, parts 1 through 5,* te the extent ~~permitted by such code~~ *that those laws permit.*

~~(2) The legislature finds need to control location and structural placement of electronic terminals in order to:~~

~~(a) assure access, protection, and convenience to the public using them;~~

~~(b) assure that structural placement of automated teller machines is designed to provide maximum protection to the terminal and its contents from vandalism, tampering, and theft and, since such machines shall be unmanned, to locate them in a manner designed to permit maximum protection of the public using them;~~

~~(c) prevent traffic congestion at vehicle parking lots and pedestrian concourses and sidewalks;~~

~~(d) prevent vehicle backup onto public highways;~~

~~(e) prevent undue interference with nearby businesses;~~

~~(f) locate automated teller machines in places permitting maximum sharing of their use to all operators desiring to use them under conditions herein stated.~~

~~(3) The legislature further finds that in the present state of the technology there is substantial potential for error and misuse and that these systems, including various types of terminals, telecommunications between them and computer and switching equipment or transport of electronically recorded materials from the terminals to such equipment, and the computers and switches themselves are subject to malfunction, vandalism, fraud, theft, and other abuses and accidents, all indicating the obvious need for the exercise of the police power of this state to protect its citizens and their property in the use of this technology. Location of terminals is an important factor in such protection.~~

~~(4) The legislature further finds that commercial banks, savings and loan associations, and credit unions, chartered by both federal and state governments, are in competition for deposits, share accounts, and loans and other financial business of the state's citizens; that each has the capability of utilizing electronic funds transfer systems; and that unless there is controlled use of these systems there will be strong potentials for destructive competition and market domination by some financial institutions over others, increasing the likelihood for misuse and error, duplication and waste, and resulting increased costs.~~

~~(5) To meet these needs, the legislature finds that state authority must provide for authorizing such systems; for speedy and fair remedies for losses resulting from malfunction, misuse, or error; and for penalties for violation of this chapter."~~

Section 13. Section 32-6-103, MCA, is amended to read:

AN ACT GENERALLY REVISING THE LAWS RELATING TO TOW TRUCKS AND ABANDONED VEHICLES; CLASSIFYING TOW TRUCKS BASED ON WEIGHT; REQUIRING LIABILITY INSURANCE AND ANNUAL SAFETY

HeinOnline -- 1995 vol. I 847 1995

(3) certain standards and classifications are needed for professional tow trucks and equipment used for towing and recovering wrecked, disabled, and abandoned motor vehicles or other objects creating hazards on the public roadways;

HeinOnline -- 1995 vol. I 848 1995

(4) encouragement of a competitive and qualified professional towing industry requires establishment of a uniform and equitable qualification system based on the equipment and the standards provided in [sections 5 through 7] and a system for the fair consideration of all qualified tow truck companies; and

(5) the use of nonqualified tow truck companies or private motor vehicles to tow or recover for hire wrecked, disabled, or abandoned vehicles creates additional hazards and, except in limited situations, should be prohibited. A district may approve additional bus or nonbus miles within its own district or approved service area but may not claim reimbursement for the mileage. Any vehicle, the operation of which is reimbursed for bus mileage under the rate provisions of this schedule, must be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(2) The rate per bus mile traveled must be determined in accordance with the following schedule when the ~~number of eligible transportees that board a school bus on an approved~~ *weighted ridership assigned to a bus* route is not less than one-half of ~~its~~ *the* rated capacity *of the school bus*:

(a) 85 cents per bus mile for a school bus with a rated capacity of ~~not less than 12 but~~ not more than 45 ~~children~~ *passenger seating positions*; and

(b) when the rated capacity is more than 45 ~~children~~ *passenger seating positions*, an additional 2.13 cents per bus mile for each additional ~~child~~ *passenger seating position* in the rated capacity in excess of 45 must be added to a base rate of 85 cents per bus mile.

(3) Reimbursement for nonbus mileage provided for in subsection (1) may not exceed 50% of the maximum reimbursement rate determined under subsection (2).

(4) When the ~~number of eligible transportees boarding a school bus on an approved~~ *weighted ridership assigned to a bus* route is less than one-half of ~~its~~ *the* rated capacity *of the school bus*, the rate per bus mile traveled must be computed as follows:

(a) determine the ~~number of eligible transportees that board the school bus on the~~ *weighted ridership assigned to the bus* route;

(b) multiply the number determined in subsection (4)(a) by two ~~and round off to the nearest whole number~~; and

(c) use the adjusted rated capacity determined in subsection (4)(b) as the rated capacity of the bus to determine the rate per bus mile traveled from the rate schedule in subsection (2).

(5) The rated capacity is the number of ~~riding~~ *passenger seating* positions of a school bus as determined under the policy adopted by the board of public education. *If modification of a school bus to accommodate pupils with disabilities reduces the rated capacity of the bus, the reimbursement to a district for pupil transportation is based on the rated capacity of the bus prior to modification.*

(6) The number of pupils riding the school bus may not exceed the passenger seating positions of the bus."

Section 7. Section 20-10-142, MCA, is amended to read:

"**20-10-142. Schedule of maximum reimbursement for individual transportation.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from

state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in tbis section may not be altered by any authority other than tbe legislature ~~of the state of Montana~~. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian *for actual miles transported* on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement per day of attendance is determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product, and multiplying the difference by 21.25 cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if the schools are operated by different school districts, the total amount of the reimbursement must be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian must be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop that are located within 3 miles of one another, the total reimbursement must be determined under the provisions of this subsection and must be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section is limited to one round trip per day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), a reimbursement may not be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus routo approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance is determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting *3 6* miles from the product, and multiplying the difference by 21.25 cents, provided that:

(a) if the eligible transportees attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one hus, the parent or guardian must be separately reimbursed for transportation to each bus.

(3) When, ~~due to~~ *because of* excessive distances, impassable roads, or other special circumstances of isolation, the rates prescribed in subsection (1) or (2) would be an inadequate reimhursement for the transportation costs or would result in a physical hardship for the eligible transportee, a parent or guardian may request an increase in the reimbursement rate. A request for increased rates ~~due to~~ *because of* isolation must be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year hy indicating the special facts and circumstances that exist to justify the increase. Before an increased rate ~~due to~~ *because of* isolation may be paid to the requesting parent or guardian, the rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the ~~county transportation~~ committee and the superintendent of public instruction, the trustees shall pay the increased rate ~~due to~~ *because of* isolation. The increased rate is 1 1/2 times the rate prescribed in subsection (1).

(4) The state and county transportation reimbursement for an individual transportation contract may not exceed $8 per day of attendance for the first eligible transportee and $5 per day of attendance for each additional eligible transportee.

~~(4)~~*(5)* When the isolated conditions of the household where an eligible transportee resides require an eligible transportee to live away from the household in order to attend school, the eligible transportee is eligible for the room and board reimbursement. Approval to receive the room and board reimbursement must be obtained in the same manner prescrihed in subsection (3). The per diem rato for room and board is ~~$5.31~~ *$8* for one eligible transportee and ~~$3.19~~ *$5* for each additional eligible transportee of the same household.

~~(5)~~*(6)* When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate is the cost of the study, provided that the course of instruction is approved by the trustees and supervised by the district."

Section 8. Establishment of transportation service areas. (1) The territory of a transportation service area is the territery of a school district unless the county transportation committee approves alternative boundaries after determining that the adjustments will improve pupil safety, transportation efficiency, or the cost-effectiveness of the pupil transportation system of the county.

(2) A district may not extond a bus route to transport pupils from outside its transportation service area unless the district has a writton agreement with the district that the county transportation committee has assigued to transport the pupils.

(3) When the trustees of two or more districts enter into a written agreement to authorize transportation services among transportation service areas, a copy of the agreement must be submitted to the county superintendent and approved

HeinOnline -- 1995 vol. I 899 1995

by the county transportation committee. Upon approval by the committee, the transportation agreements are valid for the current school year.

(4) The trustees of any district who object to a particular bus route or transportation service area to whicb the district has been assigned may request a transfer to another bus routo or transportation service area. The county transportation committee may transfer tbe territory of the district to an adjacent transportation service area or approved bus route with the consent of the district providing transportation in the adjacent transportation service area.

(5) If the qualified electors of the district object to the decision of the county transportation committee and the adjacent district is willing to provide school bus service, 20% of the qualified electors, as prescribed in 20-20-301, may petition the trustees to conduct an election on the proposition that the territory of the district be transferred for pupil transportation purposes to the adjacent transportation service area. If a satisfactory petition is presented to the trustees, the trustees shall call an election on the proposition in accordance with 20-20-201 for the next ensuing regnlar school election day. The election must be conducted in accordance with the school election laws. If a majority of those voting at the election approve the transfer, the transfer is effective on July 1 of the ensuing school fiscal year.

(6) Unless a transfer of territory from one transportation service area or approved bus route to another area or bus route is approved by the superintendent of public instruction and the county transportation committee, the state transportation reimbursement is limited to the reimbursement amount for pupil transportation to the nearest operating public elementary school or public high school, whichever is appropriate for the affected pupils.

Section 9. Assignment of passenger points.

Passenger points must be assigned to each eligible transportee on a bus route as follows:

(1) 1 point for each elementary pupil not described in subsection (3) or (4);

(2) 1.5 points for each high school pupil not described in subsection (3) or (4);

(3) 3 points for pupils described in 20-10-101(2)(c)(ii) who do not use a wheelchair; and

(4) for pupils using a wheelchair:

(a) 12 points for the first pupil using a wheelchair;

(b) 9 points for the second pupil using a wheelchair; and

(c) 6 points for each additional pupil using a wheelchair.

Section 10. Passenger count required for high school programs. (1) Each school district shall conduct a passenger count of the eligible transportees in the high school program who ride a school bus on the morning bus route for 5 consecutive school days beginning on the first school day on or after November 14. Eligible transportees who ride at least once in the 5-day period must be

HeinOnline -- 1995 vol. I 900 1995

included in the count. The passenger count must be used to determine the weighted ridership of the bus route for reimbursement purposes.

(2) The district shall send the passenger count to the superintendent of public instruction, on forms provided by the superintendent, on or before December 10. The district shall provide a copy of the passenger count to the county superintendent.

Section 11. Codification instruction. [Sections 8 through 10] are intended to be codified as an integral part of Title 20, chapter 10, part 1, and the provisions of Title 20, chapter 10, part 1, apply to [sections 8 through 10].

Section 12. Effective dates — retroactive applicability. (1) [Sections 1 through 4, 6 through 11, and 13] are effective July 1, 1995.

(2) [Section 5 and this section] are effective on passage and approval.

(3) [Section 5] applies retroactively, within the meaning of 1-2-109, to the school fiscal year beginning July 1, 1994.

Section 13. Termination. [Section 5] terminates July 1, 1995.

CHAPTER NO. 301

[SB 147]

AN ACT GENERALLY REVISING THE WATER RESOURCE ADMINISTRATION OF STATE WATER PROJECT LAWS; ESTABLISHING A SELF-SUPPORTING LEASE MANAGEMENT PROGRAM FOR WATER PROJECT LANDS; ALLOWING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO TRANSFER OR DISPOSE OF AN INACTIVE STATE WATER PROJECT WITHOUT A DETERMINATION OF MARKET VALUE; CLARIFYING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION'S DUTY TO MAINTAIN FINANCIAL RECORDS OF STATE WATER PROJECTS; AMENDING SECTIONS 85-1-202, 85-1-204, 85-1-206, 85-1-209, 85-1-210, 85-1-211, AND 85-1-215, MCA; AND PROVIDING AN EFFECTIVE DATE.

HeinOnline -- 1995 vol. I 903 1995

STATEMENT OF INTENT

A statement of intent is necessary for this bill because [section 3] authorizes the department of natural resources and conservation to adopt rules implementing the leasing program established in this bill.

The legislature intends that rules adopted by the department specify the procedure to be used by the department in determining how it will lease project lands and specify the standards, conditions, limitations, and requirements it will use as terms of the lease under the statutory guidelines provided in [section 3].

Be it enacted by the Legislature of the State of Montana:

Section 1. Statement of policy. It is the policy of the state that in the interest of accomplishing a self-supporting program from the leasing of project lands, the project lands must be appraised by the department at least once during the term of each lease. The purpose of the appraisals is to determine the lease value of project lands and the general condition of the lands.

Section 2. Leases authorized. (1) The department may lease all project lands appurtenant to a state-owned water project for purposes that the department considers appropriate.

(2) A lease of project lands may not exceed 10 years.

(3) All cabinsite leases issued prior to July 1, 1994, expire March 31, 1996.

Section 3. Rulemaking. The department may adopt rules necessary to implement and administer the leasing of project lands. These rules may include but are not limited to rules governing the:

(1) growing of crops or grazing of livestock;

(2) establishment of responsibility for a lessee to pay the assessment of taxes for weed control;

(3) acquisition and use of water on project lands;

(4) leasing of project lands, except for lease renewals and transfers, by competitive bidding and the establishment of bid procedures and bid deposits;

(5) process for giving notice and for cancellation, termination, and renewal of leases, including existing leases on project lands;

(6) general form of the lease and the form and conditions of a bond when the department considers a bond necessary;

(7) changes or modifications in lease conditions or lease use; and

(8) placement and removal of improvements directly related to the necessary use of the project lands.

Section 4. Appraisal of project lands — adjustment of lease fee. The department shall appraise project lands owned by the department and shall maintain records of the appraisals. Not less than once during the term of a lease, the department shall reappraise the project lands and adjust the lease fee

accordingly. The department may not increase a lease fee for a current lessee more than 2% a year during any period of 10 consecutive years.

Section 5. Full market value required. The department shall determine the full market value of project lands. The department may not accept a bid that is below full market value.

Section 6. Withdrawal of lands from leasing. The department may withdraw project lands from leasing for a period of time as the department determines to be in the best interest of the state.

Section 7. Assignment of leases — subleasing not allowed. (1) A lease of project lands may be assigned on forms prescribed by the department. An assignment is not binding on the department unless the assignment is filed with and approved by the department. An assignment fee must be paid to the department at the time of filing the assignment.

(2) The department may not approve a contingent or collateral assignment of a lease.

(3) A lease may not be subleased.

Section 8. Changes in lease use not authorized — cancellation. (1) During the term of a lease, the use of the project lands may not be changed. A change in the use of the lands automatically voids the lease.

(2) The department may cancel a lease for any of the following causes:

(a) fraud, misrepresentation, or concealment of facts relating to issuance of the lease, which if known would have prevented its issuance in the form or to the party issued;

(b) subleasing project lands;

(c) placing of unauthorized improvements on project lands;

(d) using the lands for purposes other than those authorized by the lease;

(e) conviction of the lessee for a felony offense involving a dangerous drug, as defined in Title 50, chapter 32, and involving the planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, or concealing of a dangerous drug on any portion of the lands;

(f) nonpayment of rental fees;

(g) violation of a lease condition;

(h) other causes that in the judgment of the department make the cancellation of the lease necessary in order to do justice te all parties concerned or to protect the interests of the state.

(3) Cancellation of a lease under this section does not entitle the lessee to a refund of rentals paid or exempt the lessee from the payment of rentals, penalties, or other compensation due the state.

HeinOnline -- 1995 vol. I 905 1995

Section 9. Improvements authorized — no compensation — removal. (1) A lessee of project lands may place on tbe lands a reasonable amount of improvements directly related to the necessary use of the lands as provided in the lease.

(2) The department is not liable to pay compensation to a lessee or a former lessee for improvements made to project lands.

(3) A former lessee is responsible to reclaim project lands to the condition existing prior to the placement of the improvements. If the former lessee fails to remove the improvements from the land within 60 days from the date of the expiration of the lease, all of the improvements become the property of the department unless the department for good cause extends the time for removal of the improvements. The department may require a former lessee to remove improvements made by the former lessee from project lands at the former lessee's expense.

Section 10. No pledge or mortgage of leasehold interest. A lessee of project lands may not pledge the lease or mortgage a leasebold interest in the project lands.

Section 11. Project lands lease account. There is established a project lands lease account within the state special revenue fund of tbe state treasury. All lease fees collected under [sections 1 through 11] must be deposited in the account to pay the department's costs and expenses in administering [sections 1 through 11].

Section 12. Section 85-1-202, MCA, is amended to read:

"**85-1-202. Department actions subject to board approval.** *(1)* The department may not, *without prior approval of the board:*

(a) acquire by appropriation or otherwise a water right or interest ~~therein~~ *in a water right;* ~~and may not~~

(b) acquire real property or an interest ~~therein~~ *in real property* (except rights of access for the purpose of construction, operation, or maintenance of works) or mortgage*;*

(c) ~~or otherwise~~ create a lien on ~~the same~~ *water rights or real property;*

(g) loan funds to a person or water ~~user~~ *users'* association for the purpose of constructing or maintaining works ~~without prior approval of the board~~.

(2) A lease of project lands pursuant to [sections 1 through 11] is not subject to the approval of the board."

Section 13. Section 85-1-204, MCA, is amended to read:

"**85-1-204. Department powers over state ~~waters~~ *water*.** (1) The department~~, with the approval of the board,~~ may sell, lease, and otherwise dispose of ~~all waters which may be~~ *water* impounded under this chaptor~~, and the~~. *The* water may be sold for the purpose of irrigation, development of power, watering of stock, or ~~any~~ other ~~purpose~~ *purposes*. The department~~, with the approval of the board,~~ may also lease water under the stato water leasing program established under the provisions of 85-2-141. To the extent that it may be necessary to carry out this chaptor and subject to a compliance with the other provisions of this chapter, the department has full control of all the water of the state not under the exclusive control of the United States and not vested in private ownership, and it shall take ~~such steps as may be necessary~~ *the necessary actions* to appropriato and conserve the ~~same~~ *water* for the use of the people. The authority of the department conferred by this chapter extonds and applies to rights to the natural flow of the ~~waters~~ *water* of this state ~~which~~ *that* it may acquire~~, with the approval of the board,~~ by condemnation, purchase, exchange, appropriation, or agreement.

(2) For the purpose of regulating the diversion of ~~those waters~~ *water*, the department may enter upon the means and place of use of all appropriators for making surveys of respective rights and seasonal needs.

(3) The department may take into consideration the decrees of the courts of this state having jurisdiction ~~which~~ *that* purport to adjudicato the ~~waters~~ *water* of a stream or its tributaries~~, and a~~. *A* fair, reasonable, and equitable reconciliation ~~shall~~ *must* be made between the claimants asserting rights under different decrees and between decreed rights and asserted rights of appropriation not adjudicated by ~~any~~ *a* court.

(4) The department~~, at its discretion,~~ may hold hearings relating to the rights of respective claimants after first giving ~~such~~ *the* notice ~~as~~ it considers appropriate. ~~and~~ *The department shall* make findings of the date and quantity of appropriation and use of all claimants ~~which~~ *that* the department ~~will recognize~~ *recognizes* and ~~observe~~ *observes* in diverting the ~~waters which it~~ *water that the department* owns. The department may ~~police~~ *measure* and distribute *the water* to the owner of the recognized appropriation ~~the waters due him upon request and under terms agreed upon~~ *under agrecd-upon terms*.

(5) The department, when engaged in controlling and dividing the natural flow of a stream under the authority granted by this chapter, is exercising a police power of the state, and water commissioners appointed by any court may not deprive the department of any of the ~~waters~~ *water* owned or administered under agreement with respective owners. The owner of a prior right ~~contending~~ *who contends* that the department is not recognizing and respecting the appropriation may resort to a court for the purpose of determining whether or not the rights of the claimant have been invaded, and the department shall observe the terms of the final decree.

(6) When the department impounds or acquires the right of appropriation of the ~~waters~~ *water* of a stream it may divert or authorize the diversion at ~~any~~ *a* point on the stream or ~~any~~ *a* portion ~~thereof~~ *of the stream* when it is done without injury te a prior appropriator."

HeinOnline -- 1995 vol. I 907 1995

Section 14. Section 85-1-206, MCA, is amended to read:

"85-1-206. Construction of works by department. (1) ~~Subject to the approval of the board, the~~ *The* department may construct works, *with* the cost of the construction to be paid wholly by means of or with the proceeds of revenue bonds ~~hereinafter authorized~~ or of a grant or loan to aid in financing the construction from the United States or any instrumentality or agency ~~thereof~~ *of the United States* and other funds provided for the construction. Before constructing a project, the department shall estimate the cost of the project, the cost of operation and maintenance, and the ~~revenues~~ *revenue* to be derived ~~therefrom~~ *from the operation of the project*. A project may not be constructed unless, according to the estimates, the ~~revenues~~ *revenue* to be derived will be sufficient to pay the cost of operation and maintenance and the principal and interest of loans or revenue bonds ~~which may be~~ issued for the cost of the project.~~;~~ ~~however, in~~ *In* connection with the issuance of revenue bonds, the failure of the department to make the estimates required by this section or to make them in proper form does not affect the validity or enforceability of ~~those~~ *the* bonds or of the trust indenture, resolution, or other security ~~therefor~~ *for the bonds*.

(2) Should the bid of the lowest responsible bidder on any capital improvement associated with public works exceed the department estimates of the cost of the improvements by more than 5%, the department shall obtain approval from the water ~~user~~ *users'* association, whenever an association is involved, before the bid is accepted.~~; however, capital~~ *Capital* improvements of an emergency nature necessary to protect life or property or to supply immediate needs for water do not require ~~such~~ approval *of the water users' association*.

(3) A purpose of this chapter is to meet, so far as possible, a statewide need for the conservation and use of water through the construction and operation of projects ~~designed for those purposes~~. The projects to be ~~finally~~ constructed ~~shall~~ *must* qualify as parts of the statewide program and ~~shall~~ *must* be approved ~~by the board~~ upon the showing of ~~their~~ prospective ability to meet, through the sale of water or other services, the cost of operation and maintenance and the principal and interest of loans and revenue bonds issued to finance the construction. The failure ~~of the board~~ to determine the prospective ability of a project does not affect the validity or enforceability of the bonds or of the trust indenture, resolution, or other security ~~therefor~~ *for the bonds*."

Section 15. Section 85-1-209, MCA, is amended to read:

"85-1-209. Acquisition of property by department. (1) The department~~,~~ ~~subject to the approval of the board under 85-1-202,~~ may acquire by purchase or exchange upon terms and conditions and in a manner it considers proper and *may* acquire by condemnation, in accordance with laws applicable to the condemnation of property for public use, any land, rights, water rights, easements, franchises, and other property considered necessary for the construction, operation, and maintenance of works. Title to property purchased or condemned ~~shall~~ *must* be taken in the name of the department. The department is under no obligation to accept and pay for any property condemned under this chapter except from the funds provided by this chapter. In any proceedings to condemn, orders may be made by the court ~~having~~ *that has* jurisdiction of the suit, action, or proceeding as may be warranted by law and the facts.

(3) Action under this section does not bar enforcement of this part or a rule, order, or condition of approval issued under this part by injunction or other appropriate remedy.

(4) *When seeking penalties under this section, the department shall take into account the following factors in determining an appropriate settlement or judgment, as appropriate:*

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-2311, MCA, is amended to read:

"**39-71-2311. Intent and purpose of plan.** It is the intent and purpose of the state fund to allow employers ~~the~~ *an* option to insure their liability for workers' compensation and occupational disease coverage with ~~a mutual insurance~~ *the state* fund. ~~The state fund is required to insure any employer in this state requesting coverage, and it may not refuse coverage for an employer.~~ The stato fund must be neither more nor less than self-supporting. Premium rates must be set at least annually at a level sufficient to ensure the adequate funding of the insurance program, including the costs of administration, benefits, and adequate reserves, during and at the end of the period for which the rates will be in effect. In determining premium rates, the state fund shall make every effort to adequately predict future costs. When the costs of a factor influencing rates are unclear and difficult to predict, the state fund shall use a prediction calculated to be more than likely to cover those costs rather than less than likely to cover those costs. Unnecessary surpluses that are created by the imposition of premiums found to have been set higher than necessary because of a high estimate of the cost of a facter or facters may be refunded by the declaration of a dividend as provided in this part. For the purpose of keeping the state fund solvent, ~~it must~~ *the state fund shall* implement variable pricing levels as provided in 39-71-2341 *and the board of directors may, in its discretion, assess a policy charge, a minimum premium, or both.*"

(2) The state fund is required to insure any employer in this state who requests coverage, and it may not refuse to provide coverage unless an employer or the employer's principals have defaulted on a state fund obligation and the default remains unsatisfied."

Section 3. Section 39-71-2316, MCA, is amended to read:

"**39-71-2316. Powers of ~~the~~ state fund.** For the purposes of carrying out its functions, the state fund may:

(1) insure any employer for workers' compensation and occupational disease liability as the coverage is required by the laws of this state *and, as part of the coverage, provide related employers' liability insurance upon approval of the board.* ~~The state fund may charge a minimum yearly premium to cover its administrative costs for coverage of a small employer.~~

After such *the* rules have been adopted, the state fund need not follow the rulemaking provisions of Title 2, chapter 4, when changing classifications and premium rates. The contested case rights and provisions of Title 2, chapter 4, do not apply to an employer's classification or premium rate. (6) pay the amounts determined due under a policy of insurance issued by the state fund;

(7) hire personnel;

(8) declare dividends if there is an excess of assets over liabilities. However, dividends may not be paid until adequate actuarially determined reserves are set aside. (a) the governmental fund category, which includes:

(i) the general fund, which accounts for all financial resources except those required to be accounted for in another fund;

(ii) the special revenue fund type, which accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. The financial activities of the special revenue fund type are subdivided, for operational purposes, into the following funds to serve the purpose indicated:

(A) The state special revenue fund consists of money from state and other nonfederal sources deposited in the state treasury that is earmarked for the purposes of defraying particular costs of an agency, program, or function of state government and money from other nonstate or nonfederal sources that is restricted by law or by the terms of an agreement, such as a contract, trust agreement, or donation.

(B) The federal special revenue fund consists of money deposited in the treasury from federal sources, including trust income, that is used for the operation of state government.

(iii) the capital projects fund type, which accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds or trust funds; and

(ii) the internal service fund type, which accounts for the financing of goods or services provided by one department or agency to other departments or agencies of state government or to other governmental entities on a cost-reimbursed basis;

(B) The restricted subfund segregates that portion of the current fund's financial resources that can be expended for general operations but only for purposes imposed by sources external to the board of regents and the legislature.

(C) The designated subfund segregates that portion of the current fund's financial resources that is associated with general operations but is separately classified in order to accumulate costs that are to be recharged as allocated to other funds or subfunds; identifies financial activities related to special organized activities of educational departments ~~wherein~~ *in which* the activity is fully supported by supplemental assessments; and identifies special supply and facility fees that are approved for collections beyond normal course fees and their disposition.

(D) The auxiliary subfund segregates that portion of the current fund's financial resources that is devoted to providing essential on-campus services primarily to students, faculty, or staff wherein a fee, which is directly related to but does not necessarily equal the cost of the service provided, is charged to the consumer.

(ii) the student loan fund, which accounts for money deposited in the state treasury that may be loaned to students, faculty, or staff for purposes related to education, organized research, or public services by the Montana university system ~~and vocational-technical centers~~;

This accounting entity is the only accounting entity within each fund or subfund that may receive a loan or from which a loan may be made.

(c) A loan made under subsection (2)(a) or (2)(b) must be repaid within 1 calendar year of the date *on which* the loan is approved unless it is extended under subsection (3) or by specific legislative authorization.

(3) Under unusual circumstances, the director of the department of administration or the board of regents may grant one extension for up to 1 year for a loan made under subsection (2)(a) or (2)(b). HeinOnline -- 1995 vol. I 928 1995

(7) (a) An accounting entity in a fund designated in 17-2-102(1)(a) through (1)(c) may not have a negative cash balance at fiscal yearend. The department of administration may, however, allow an accounting entity to carry a negative balance at any point during the fiscal year if the negative cash balance does not exist for more than 7 working days.

(b) (i) Except as provided in subsection (7)(b)(ii), a unit of the university system ~~or vocational-technical center~~ shall maintain a positive cash balance in the funds and subfunds designated in 17-2-102(1)(d)(i)(A) through (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi).

If the negative cash balance exists for more than 7 working days, a transaction may not be processed through the statewide accounting system for that fund or subfund.

(8) Notwithstanding the provisions of subsections (2) through (4), the department of administration may authorize loans to accounting entities in the federal and state special revenue funds with long-term repayment whenever necessary ~~due to~~ *because of* the timing of the receipt of agreed upon reimbursements from federal, private, or other governmental entity sources for disbursements made. HeinOnline -- 1995 vol. I 959 1995

Be it enacted by the Legislature of the State of Montana:

Section 1. Agricultural activities — legislative finding and purpose. (1) The legislature finds that agricultural lands and the ability and right of farmers and ranchers to produce a safe, abundant, and secure food and fiber supply have been the basis of economic growth and development of all sectors of Montana's economy. In order to sustain Montana's valuable farm economy and land bases associated with it, farmers and ranchers must be encouraged and have the right to stay in farming.

(2) It is therefore the intent of the legislature to protect agricultural activities from governmental zoning and nuisance ordinances.

Section 2. Definitions. As used in [sections 1 through 3], the following definitions apply:

(1) "Agricultural activity" means a condition or activity that provides an annual gross income of not less tban $1,500 or that occurs on land classified as agricultural or forest land for taxation purposes. The condition or activity must occur in connection with the commercial production of farm products and includes but is not limited to:

(a) produce marketed at roadside stands or farm markets;

(b) noise;

(c) odors;

(d) dust;

(e) fumes;

(f) operation of machinery and irrigation pumps;

(g) movement of water for agricultural activities, including but not limited to use of existing county road ditches, streams, rivers, canals, and drains, and use of water for agricultural activities;

(h) ground and aerial application of seed, fertilizers, conditioners, and plant protection products;

(i) employment and use of labor;

(j) roadway movement of equipment and livestock;

(n) conversion from one agricultural activity to another, provided that the conversion does not adversely impact adjacent property owners;

(o) timber harvesting, thinning, and timber regeneration;

HeinOnline -- 1995 vol. I 960 1995

(p) burning and stubble and slash disposal; and

(q) plant nursery and commercial greenhouse activities.

(2) "Commercial production of farm products" means the growing, raising, or marketing of plants or animals by the owner, owner's agent, or lessee of land that provides an annual gross income of not less than $1,500 or that occurs on land that is classified as agricultural or forest land for taxation purposes. The term includes but is not limited to:

(a) forages and sod crops;

(b) dairy and dairy products;

(c) poultry and poultry products;

(d) livestock, including breeding, feeding, and grazing of livestock and recreational equine use;

(e) fruits;

(f) vegetables;

(g) flowers;

(h) seeds;

(i) grasses;

(j) trees, including commercial timber;

(k) fresh water fish and fish products;

(l) apiaries;

(m) equine and other similar products; or

(n) any other product that incorporates the use of food, feed, fiber, or fur.

Section 3. Local ordinances. A city, county, taxing district, or other political subdivision of this state may not adopt an ordinance or resolution that prohibits any existing agricultural activities or forces the termination of any existing agricultural activities outside the boundaries of an incorporated city or town. Zoning and nuisance ordinances may not prohibit agricultural activities that were established outside the corporate limits of a municipality and then incorporated into that municipality by annexation.

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 76, chapter 2, and the provisions of Title 76, chapter 2, apply to [sections 1 through 3].

HeinOnline -- 1995 vol. I 964 1995

LENGTH BUT DOES NOT EXCEED 57 FEET IN LENGTH; AND AMENDING SECTION 61-10-124, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-124, MCA, is amended to read:

"61-10-124. Special permits — fee — cranes. (1) As used in this section, "crane" means a self-propelled single-unit vehicle consisting of not more than four axles and used for raising, shifting, and lowering heavy weights by means of a projecting swinging arm.

(2) Except as provided in subsections (3)(b), (3)(d), and (6), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size and weight in excess of that specified in 61-10-101 through 61-10-110 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

(3) (a) Except as provided in subsections (3)(b), (3)(d), (6), and (7), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; and an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet, or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length, and the long semitrailer cargo unit of the combination may not exceed 48 feet in length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (6) and (7). Special permits for vehicle combinations may specify and special permits under subsections (6) and (7) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (3)(a). The fee for this permit is $75. This permit covers a period of 1 year and expires on December 31 of each year with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (2), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

HeinOnline -- 1995 vol. I 965 1995

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(4) Except as provided in subsection (3)(b), a permit may not he issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the stato governs the issuance of a special permit.

(5) Tbe owner or operator of a crane with a gross vehicle weight of less than 80,000 pounds may purchase a 30-day special permit for overweight if the crane has a current special mobile equipment identification plate and if the department of transportation has approved the configuration of the crane through a weight analysis completed within tbe same calendar year. The permit is not transferable, and the fee for the permit is $200.

(6) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system as defined in 60-1-103 and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the intercbange.

(b) a combination of vehicles powered by a cab-over (tilt cab) type truck-tractor or a truck may not exceed overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck-tractor may not exceed overall length of 110 feet, inclusive of front and rear bumpers and overhang;

(d) an individual cargo unit of the combination may not exceed 28 1/2 feet in length and 102 inches in width;

(e) gross weight fees under 61-10-203 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) tbe combination must have a restricted route permit under 61-10-107(3) and a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200.

(7) The department of transportation may issue special permits under subsection (6) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

[SB 283]

AN ACT REVISING THE TYPE OF VEHICLE COMBINATION USED FOR HAULING RAW LOGS THAT IS SUBJECT TO LENGTH RESTRICTIONS; AND AMENDING SECTION 61-10-104, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-104, MCA, is amended to read:

"**61-10-104. Length — definitions.** (1) A single truck, bus, or any self-propelled vehicle, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of 45 feet.

(2)(a) When used in a truck tractor-semitrailer combination, the semitrailer may not exceed 53 feet in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. When used in a truck tractor-semitrailer-trailer or a truck tractor-semitrailer-semitrailer combination, the semitrailer and trailer or the two semitrailers may not exceed 28 1/2 feet each in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. Truck tractor-semitrailer, truck tractor-semitrailer-trailer, and truck tractor-semitrailer-semitrailer combinations are not subject to a combination length limit.

(b) A stinger-steered automobile or boat transporter may not exceed 75 feet in length plus a maximum 3 feet of front overhang and 4 feet of rear overhang, except as provided by 61-10-124. "Stinger-steered automobile or boat transporter" means a truck tractor-semitrailer combination that has a fifth wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of vehicles or assembled boats or boat hulls.

(c) All other combinations of vehicles may not have a combination length in excess of 75 feet, except as provided by 61-10-124. If the combination consists

HeinOnline -- 1995 vol. I 967 1995

of more than two units, the rear units of the combination must he equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than three motor vehicles attached to it hy the triple saddle-mount method (that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway), nor may this combination have a combination length in excess of 75 feet.

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturers' rated capacity" may not tow more than one trailer or semitrailer, nor may this combination have a length in excess of 65 feet.

(5) (a) The length of a vehicle combination consisting of a truck or truck-tractor and one ~~trailer,~~ pole trailer, or semitrailer hauling raw logs may not exceed 75 feet in overall length. As used in this subsection (a), the term "length" means the total length of the vehicle combination beginning at the front of the front bumper of the truck or truck-tractor and extending to the most distant end of the logs being hauled. A term permit for an overlength vehicle combination, as provided in 61-10-124(3), does not apply to the vehicle combination described in this subsection (a). A vehicle combination exceeding 75 feet must have a trip permit.

(b) The maximum overhang of any log may not exceed 15 feet, except by special, single-trip permit. Overhang is measured from the center of the rear-most axle to the most distant end of the logs being hauled.

(c) The provisions in subsections (5)(a) and (5)(b) do not apply to a vehicle combination hauling utility poles.

(6) As used in this chaptor, the following definitions apply:

(a) "Combination length" means the total length of a combination of vehicles, such as a truck tractor-semitrailer-trailer combination, measured from the front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer, including the connection tongues.

(b) "Combined trailer length" means the total length of a combination of trailers measured from the front of the first trailer to the back of the last trailer, including the connection tongues and loads.

(c) "Length", except as provided in subsection (5)(a), means the total longitudinal dimension of a single vehicle, a trailer, or a semitrailer. The length of a trailer or semitrailer is measured from the front of the cargo-carrying unit to its rear, exclusive of safety or energy efficiency devices, air-conditioning units, air compressors, flexible fender extensions, splash and spray suppressant devices, bolsters, mechanical fastoning devices, and hydraulic lift gates.

(d) "Rocky Mountain double" means a combination of vehicles that includes a truck tractor pulling a long semitrailer and a shorter trailer."

HeinOnline -- 1995 vol. I 973 1995

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the department of corrections and human services in adopting rules relating to regional correctional facilities. It is the intent of the legislature that in selecting sites for regional correctional facilities, the department should consider the ability of the community to provide rehabilitative services to inmates, the community's willingness and ability to enter into a long-term agreement with the department for a regional correctional facility, and the need for a regional correctional facility in the area.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 7] may be known and cited as the "Regional Correctional Facility Act".

Section 2. Purpose. It is the purpose of [sections 1 through 7] to provide a method by which the state and local governments can make the most efficient use of their powers and resources by enabling them to cooperate to fulfill their respective responsibilities of providing services and facilities for the incarceration and rehabilitation of criminal offenders at regional correctional facilities. The state and local governments are encouraged to use innovative means in accomplishing this purpose.

HeinOnline -- 1995 vol. I 974 1995

(2) The contract must be authorized and approved by the governor, the department, and the governing body of the local governmental entity. The contract must set forth fully tbe purposes, powers, rights, and responsibilities of each party to the contract and address necessary and proper matters set forth in 7-11-105.

(3) A contract may include an agreement to jointly design, finance, construct, and operate a regional correctional facility.

(4) Tbe department may not enter into a contract unless the local governmental entity has the legal authority and the ability to finance its share of the costs under the contract.

The department may not levy or assess any mills against the reported gross proceeds of coal but shall levy a tax of 5% against the value of the reported gross proceeds as provided in 15-23-701(1)(d). The county treasurer shall proceed to give full notice to each coal producer of the taxes due and to collect the taxes as provided in 15-16-101.

(2) For bonding, county classification, and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102~~(5)~~.

(3) Except as provided in subsection (6), the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multiplying the unit value calculated in 15-23-705 times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.

(4) Except as provided in subsections (5), (6), and (8), the county treasurer shall credit the amount determined under subsection (3) and the amounts received under 15-23-706:

(b) to school districts in the county that either levied mills in school fiscal year 1990 against 1988 production or used nontax revenue, such as Public Law 81-874 money, in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in the 1990 school fiscal year in the school district.

(5) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (3), the county treasurer shall, immediatoly following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenue, to the department for redistribution as provided in 15-23-706.

(6) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (4)(a), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

HeinOnline -- 1995 vol. I 984 1995

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(7) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(8) The county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year."

[HB 472]

AN ACT ALLOWING AN EXISTING APPROPRIATIVE WATER RIGHT TO BE TEMPORARILY CHANGED TO INSTREAM FLOW TO BENEFIT THE FISHERY RESOURCE; ESTABLISHING ADDITIONAL CRITERIA FOR AND LIMITATIONS ON CHANGES TO INSTREAM FLOW TO BENEFIT THE FISHERY RESOURCE; AMENDING SECTIONS 85-2-402 AND 85-2-407, MCA; AND PROVIDING A TERMINATION DATE.

STATEMENT OF INTENT

This legislation, jointly developed by representatives from the agricultural, recreation, and conservation communities, is intended to authorize the temporary use of existing water rights for instream flow to benefit the fishery resource. In establishing the use of water rights for authorized instream flow to benefit the fishery resource, it is the intent of the legislature that the authorization respect and work within the prior appropriation water rights system.

This legislation creates an opportunity for citizens to voluntarily enter into agreements to lease existing water rights to protect fisheries and allows persons who own water rights to temporarily change the use of that water to instream flow to benefit the fishery resource.

HeinOnline -- 1995 vol. I 990 1995

To monitor and review the implementation of this instream flow program, the legislature directs the office of the governor to convene on an ongoing and regular basis a working group that includes representatives from the agricultural, recreation, and conservation communities. This working group shall consult with the department of natural resources and consorvation on relevant changes in water use and shall submit a report to the governor and the legislature in 2001 outlining the status of the program.

Be it enacted by the Legislature of the State of Montana:

Section 1. Temporary change authorization for instream flow — additional requirements. (1) The department shall accept and process an application for a temporary change in appropriation rights to maintain or enhance instream flow to benefit the fishery resource under the provisions of 85-2-402, 85-2-407, and this section.

(2) (a) A temporary change authorization under the provisions of this section is allowable only if the owner of the water right voluntarily agrees to:

(i) change the purpose of a consumptive use water right to instream flow for the benefit of the fishery resource; or

(ii) lease a consumptive use water right to another person for instream flow to benefit the fishery resource.

(b) For the purpose of this section, "person" means and is limited to an individual, association, partnership, or corporation.

(3) In addition to the requirements of 85-2-402 and 85-2-407, an applicant for a change authorization under this section shall prove by a preponderance of evidence that:

(a) the temporary change authorization for water to maintain and enhance instream flow to benefit the fishery resource, as measured at a specific point, will not adversely affect the water rights of other persons; and

(b) the amount of water for the proposed use is needed to maintain or enhance instream flows to benefit the fishery resource.

(4) The department shall approve the method of measurement of the water to maintain and enhance instream flow te benefit the fishery resource through a temporary change authorization as provided in this section.

(5) For the purpose of identifying and consulting with individuals or groups that may be affected by the proposed change authorization, the applicant shall, 30 days before submitting the application to the department, publish notice of the proposed change authorization in a local newspaper of general circulation in the county or counties affected.

(6) Only the owner of the water right may seek enforcement of the temporary change authorization or object under 85-2-308.

(7) A temporary change authorization under this section does not create a right of access across private property or allow any infringement of private property rights.

Section 2. Section 85-2-402, MCA, is amended to read:

HeinOnline -- 1995 vol. I 991 1995

"**85-2-402. (Temporary) Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except, as permitted under this section, by applying for and receiving the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(2) Except as provided in subsections (4) through (6), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) Except for a lease authorization pursuant to 85-2-436 ~~that~~ *or a temporary change authorization for instream use to benefit the fishery resource pursuant to [section 1] when either authorization* does not require appropriation works, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) ~~The~~ *Except for a lease authorization pursuant to 85-2-436 or a temporary change authorization pursuant to [section 1] for instream flow to benefit the fishery resource, the* applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water

supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chaptor 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) the department tben petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(b)(ii) and (6)(b)(iii)

will he met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projectod water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that a change might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change subject to terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extond time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

HeinOnline -- 1995 vol. I 994 1995

(12) A person holding an issued permit or change approval that has not heen perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or througb an agent, officer, or employee, attempt to cbange an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section. (Terminates June 30, 1999—sec. 4, Ch. 740, L. 1991.)

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. STATEMENT OF INTENT

A statement of intent is required for this bill because rulemaking authority is granted to the board of outfitters in 37-47-201 requiring the board to establish qualifications for two levels of guides and to review proposed operations plans and changes to operations plans.

The legislature intends that at a minimum the rules on professional guide qualifications address experience, and if the board considers it appropriate, additional training and a qualifying examination to ensure that licensed professional guides are qualified to safely provide services for compensation to clients of the endorsing outfitter.

The legislature intends that rules on operations plans be directed toward a reduction in new hunting uses of areas by outfitters when the new uses will cause undue conflict with existing hunting uses of the areas.

Be it enacted by the Legislature of the State of Montana:

(b) If the department has made findings pursuant to subsection (2)(a), agents, employees, or contractors of the department may enter upon property adversely affected by past mining practices and other property necessary for access to the adversely affected property to do all things necessary or expedient to restore or reclaim the property or to abato, control, or prevent the adverse effects of past mining practices after:

(i) giving notice by mail to the owner, if known, and a purchaser under contract for deed, if known; or

HeinOnline -- 1995 vol. II 1042 1995

(ii) if neither is known, posting notice upon the property and advertising in a newspaper of general circulation in the county in which the property lies.

(c) Entry upon property pursuant to this section is not an act of condemnation of property or of trespass but rather an exercise of the power granted by Article IX, sections 1 and 2, of the Montana constitution.

(3) The board may acquire the necessary property by gift or purchase, or if the property cannot be acquired by gift or purchase at a reasonable cost, proceedings may be instituted in the manner provided in Title 70, chapter 30, against all nonaccepting landholders if:

(a) acquisition of the property is necessary for successful reclamation;

(b) the acquired property after restoration or reclamation or after abatement, control, or prevention of the adverse effects of past mining practices will serve recreation and historic purposes or conservation and reclamation purposes or provide open space benefits; and

(c) (i) permanent facilities, such as treatment plants or relocated stream channels, will be constructed on the property for the restoration or reclamation of the property or for abatement, control, or prevention of the adverse effects of past mining practices; or

(ii) acquisition of refuse disposal sites and all refuse on the sites will serve the purposes of this part in that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past mining practices.

(4) The department may record in the office of the clerk and recorder in the county in which property that has been reclaimed pursuant to 82-4-424 or this section is located a notice that the property has been mined and reclaimed. The notice must include the date and a brief description of the reclamation.

Section 3. Filing of lien for abandoned mine reclamation project. (1) Before commencement of a project using public funds to restore or reclaim property or to abate, control, or prevent adverse effects of past mining practices on private property, the department may file a notice of the right to claim a lien in the clerk and recorder's office in the county in which the majority of the property lies.

(2) If the department expends or allocates public funds conducting mine reclamation work under this part and if the department determines, based on an appraisal by an independent qualified appraiser chosen by the department, that the work has resulted or will result in a significant increase in the fair market value of property, the department may file a lien against the property reclaimed.

(3) Within 6 months after the completion of the project, the department shall itemize the funds expended and may file a lien statement. The lien statement must include:

(a) the value of the property before commencing the work of restoration or reclamation or abatement, control, or prevention of adverse effects of the past mining practices;

HeinOnline -- 1995 vol. II 1043 1995

(b) the value of the property after the work has been completed;

(c) a listing of the appraisal upon which the values in subsections (3)(a) and (3)(b) are based and the location where those appraisals may be examined;

(d) the amount of public funds spent by the department on the project; and

(e) the amount of the lien.

(4) The amount of the lien must be the lesser of either the increase in the value of the property or the amount of public funds actually expended by the department.

(5) A lien may not be filed under this section against the property of a person who owned the surface rights prior to May 2, 1977, and who did not consent to, participato in, or exercise control over the mining operation that necessitated the reclamation performed under this part.

(6) If a lien is filed, the department shall send, by certified mail to the owner's last-known address, copies of the lien, the statement of costs, and the appraisals to the owner of record of the property.

(7) The lien provided in this section is effective as of the date of expenditure of the public funds and has priority over all other liens or security interests that have attached to the property that is the subject of the lien, whenever those liens may have arisen, second only to real estate taxes imposed upon the property.

(8) Within 60 days after the department files the lien, the owner of the property to which the lien provided for in this section attaches may petition the district court for the county in which the majority of the property is locatod asking the district court to resolve disputes regarding the amount of actual funds spent by the department or to determine the increase in the market value of the property as a result of the restoration or reclamation or abatement, control, or prevention of the adverse effects of past mining practices. If it differs from the department's statement, the amount found by the court to be the lesser of the actual funds spent or the increase in market value is the amount of the lien and that amount must be recorded with the department's statement.

(9) A lien placed on property under this section may be satisfied by payment to the department of the amount of the lien. The department may accept partial payments on torms and conditions that the department specifies, but the lien is satisfied only to the extont of the value of the consideration received. A lien must be satisfied, to the extent of the value of the consideration received, at the time of transfer of ownership. Unsatisfied portions remain as a lien on the property. When a lien is partially or wholly satisfied, the department shall file with the clerk and recorder with whom the lien is filed an instrument releasing the lien in whole or in part.

(10) A lien placed on property under this section renews automatically without a requirement on the part of the department to file a continuation notice, until the time that the lien is fully satisfied. Interest is payable on unsatisfied liens or portions of the liens provided for in this section, and it must be accumulated at the rato of 10% a year and may not be compounded.

HeinOnline -- 1995 vol. II 1044 1995

(11) Funds derived from the satisfaction of liens established under this part must be deposited in the abandoned mine reclamation fund account from which the project was funded.

Section 4. Codification instruction. [Sections 2 and 3] are intended to be codified as an integral part of:

(1) Title 82, chaptor 4, part 3, and the provisions of Title 82, chapter 4, part 3, apply to [sections 2 and 3];

(2) Title 82, chapter 4, part 4, and the provisions of Title 82, chapter 4, part 4, apply to [sections 2 and 3].

[SB 212]

AN ACT PROVIDING PROCEDURAL SAFEGUARDS FOR JOINT AND SEVERAL LIABILITY DETERMINATIONS; PERMITTING THE CONSIDERATION OF NEGLIGENCE BY AN EMPLOYER OR COEMPLOYEE IN CERTAIN CIVIL ACTIONS; AMENDING SECTION 27-1-703, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, on August 29, 1994, the Montana Supreme Court, in *Newville v. State of Montana Department of Family Services*, 883 P.2d 793, 51 St. Rptr. 758 (1994), struck down as unconstitutional part of section 27-1-703, MCA, limiting the common-law doctrine of joint and several liability; and

WHEREAS, the basis of the holding was that the statute lacked certain procedural safeguards; and

WHEREAS, the Legislature wishes to provide for procedural safeguards considered necessary hy the Montana Supreme Court; and

WHEREAS, on January 18, 1995, the Montana Supreme Court, in *Wetch v. Unique Concrete Co.*, ___P.2d___, 52 St. Rptr. 5 (1995), interpreted section 27-1-703, MCA, to preclude the trier of fact from hearing about or considering the negligence of the plaintiff's employer in a case in which that negligence should have absolved or substantially limited the liability of a contractor doing work on the employer's office building; and

WHEREAS, the Legislature wishes to provide that negligence on the part of the claimant's employer or coemployee may be considered and determined as part of a nonparty defense, as provided in this bill.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 27-1-703, MCA, is amended to read:

"27-1-703. Multiple defendants — determination of liability. (1) Except as provided in subsections (2) and (3), whenever the negligence of ~~any~~ *a*

party in any action is an issue, each party against whom recovery may be allowed is jointly and severally liable for the amount that may be awarded to the claimant but has the right of contribution from any other person whose negligence may have contributed as a proximate cause to the injury complained of.

(2) ~~Any~~ *A* party whose negligence is determined to be 50% or less of the combined negligence of all persons described in subsection (4) is severally liable only and is responsible only for the amount of negligence attributable to ~~him~~ *that party*, except as provided in subsection (3). The remaining parties are jointly and severally liable for tbe total less the amount attributable to the claimant.

(3) A party may be jointly liable for all damages caused by the negligence of another if both acted in concert in contributing to the claimant's damages or if one party acted as an agent of the otber.

(4) On motion of any party against whom a claim is asserted for negligence resulting in death or injury to person or property, any other person whose negligence may have contributed as a proximate cause to the injury complained of may be joined as an additional party to the action. For purposes of determining tlie percentage of liability attributable to each party whose action contributed to the injury complained of, the trier of fact shall consider the negligence of the claimant, injured person, defendants, *and* third-party defendants~~, persons released from liability by the claimant, persons immune from liability to the claimant, and any other persons who have a defense against the claimant~~. *The liability of nonparties, including persons released from liability by the elaimant and persons immune from liability to the claimant, must also be considered by the trier of fact, as provided in subsection (6).* The trier of fact shall apportion the percentage of negligence of all ~~such~~ persons *listed in this subsection*. ~~However, in attributing negligence among persons, the trier of fact may not consider or determine any amount of negligence on the part of any injured person's employer or coemployee to the extent that such employer or coemployee has tort immunity under the Workers' Compensation Act or the Occupational Disease Act of this state, of any other state, or of the federal government.~~ Contribution ~~shall~~ *must* be proportional to the liability of the parties against whom recovery is allowed. Nothing contained in this section ~~shall make~~ *makes* any party indispensable pursuant to Rule 19, Montana Rules of Civil Procedure.

(5) If for any reason all or part of the contribution from a party liable for contribution cannot be obtained, each of the other parties shall contribute a proportional part of the unpaid portion of the noncontributing party's share and may obtain judgment in a pending or subsequent action for contribution from the noncontributing party. A party found to be 50% or less negligent for the injury complained of is liable for contributien under this section only up to the percentage of negligence attributed to ~~him~~ *that party*.

(6) (a) In an action based on negligence, a defendant may assert as a defense that the damages of the claimant were caused in full or in part by a nonparty, which may be referred to as a nonparty defense.

(b) In determining the percentage of liability attributable to persons who are parties to the action, the trier of fact shall consider the negligence of nonparties, including persons released from liability by the claimant and persons immune from liability to the claimant, if a nonparty defense is properly asserted in

accordance with this subsection (6). A finding of negligence of a nonparty is not a presumptive or conclusive finding as to that nonparty for purposes of a prior or subsequent action involving that nonparty.

(c) The burden of proof as to a nonparty's liability is on the defendant or defendants who affirmatively plead the nonparty defense, but this subsection (6) does not relieve the claimant of the burden of proving that negligence on the part of the defendant or defendants contributed as a proximate cause to the injury of the claimant or alter other proof requirements.

(d) A nonparty defense must be affirmatively pleaded as a part of the answer. A defendant who gains actual knowledge of a nonparty defense after the filing of that defendant's answer may plead the defense with reasonable promptness, as determined by the trial court, in a manner that is consistent with:

(i) giving the defendant a reasonable opportunity to discover the existence of a nonparty defense;

(ii) giving the claimant a reasonable opportunity to defend against a nonparty defense; and

(iii) giving the claimant a reasonable opportunity, if appropriate, to add the nonparty as an additional defendant to the action before the expiration of the period of limitation applicable to the claim. However, this subsection (iii) does not extend the period of limitation or revive the action if the period of limitation has expired.

(e) If a defendant asserts a nonparty defense, the defendant shall notify each nonparty who the defendant alleges caused the claimant's injuries, in whole or in part. Notification must be made by mailing the defendant's answer to each nonparty at the nonparty's last-known address by certified mail, return receipt requested."

Section 2. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 3. Applicability. [This act] applies to all claims for relief not reduced to final judgment on [the effective date of this act].

Section 4. Effective date. [This act] is effective on passage and approval.

"**81-23-202. Licenses — disposition of income.** (1) A producer, producer-distributor, distributor, or jobber may not engage in the business of producing or selling milk subject to this chapter in this stato without first having obtained a license from the department ~~of livestock~~, *as provided in 81-22-202,* or, in the case of milk entering this state from another state or foreign nation, without complying with the requirements of the Montana Food, Drug, and Cosmetic Act and without being licensed under this chaptor by the department. The annual fee for the license from the department is $2 and is due before July 1 and must be deposited by the department to the credit of the general fund. The license required by this chapter is in addition to any other license required by state law or any municipality of this state. This chapter applies to every part of the stato of Montana.

(2) In addition to the annual license fee, the department shall, in each year, before April 1, for the purpose of securing funds to administer and enforce this chapter, levy an assessment upon producers, producer-distributors, and distributors as follows:

Section 5. Requests for consultation — public notice — appeal of findings. (1) A federal or stato entity that acts upon a proposed federal or state action or an application for a federal, state, or local permit, license, lease, or funding may request the views of the histeric preservation officer concerning:

(6) The director of the historical society shall issue a final finding within 30 days of the expiration of the 20-day appeal period provided for under subsection (5). (7) If the applicant or an affected property owner is not satisfied with the finding of the director of the historical society concerning the eligibility of the property or remains for listing in the register or a finding of adverse effect to the property, the entity or property owner may appeal the finding to the district court in either Lewis and Clark County or a county in which affected property is located. The district court may substitute its judgment for the judgment of the directer of the historical society as te the weight of the evidence.

Section 6. Avoidance and mitigation of impacts. (1) Avoidance of impacts to heritage property or paleontological remains is preferred. Avoidance may not be construed to constitute neglect of the property or anticipatory demolition.

OR BISON AS A SPECIES REQUIRING DISEASE CONTROL; REPEALING SECTION 87-1-215, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because the department of livestock is authorized in [section 1] to adopt rules with regard to management of publicly owned wild buffalo or bison that enter Montana on private or public land and that are from a herd that is infectod with a contagious disease that may spread to persons or livestock and may jeopardize compliance with federally administered livestock disease control programs. The department may determine that rulemaking is necessary with regard to feasible methods of taking wild buffalo or bison allowed within [section 1(1)] or with regard to disposal of the carcasses of wild buffalo or bison as provided for in [section 1(2) and (3)].

A statement of intent is also required because [section 2] authorizes the department of fish, wildlife, and parks to adopt rules with regard to wild buffalo or bison that have not been exposed to or infected with a contagious disease but are in need of management because of potential damage to person or property. The department may determine that rulemaking is necessary if management of wild buffalo or bison under the provisions of [section 2] includes public hunting.

Be it enacted by the Legislature of the State of Montana:

Section 1. Management of wild buffalo or bison for disease control. (1) Whenever a publicly owned wild buffalo or bison from a herd that is infectod with a dangerous disease enters tbe state of Montana on public or privato land and the disease may spread to persons or livestock or whenever the presence of wild buffalo or bison may jeopardize Montana's compliance with federally administered livestock disease control programs, the department of livestock may, under a plan approved by the governor, use any feasible method in taking one or more of the following actions:

(a) The live wild buffalo or bison may be physically removed by the safest and most expeditious means from within the state boundaries, including but not limited to hazing and aversion tactics or capture, transportation, or delivery to a department-approved slaughterhouse.

(b) The live wild buffalo or bison may be destroyed by the use of firearms. If a firearm cannot be used for reasons of public safety or regard for public or private property, the animal may be relocated to a place that is free from public or private hazards and destroyed by firearms or by a humane means of euthanasia.

(2) Whenever the department is responsible for the death of a wild buffalo or bison, either purposefully or unintentionally, the carcass of the animal must be disposed of by the most economical means, including but not limited to burying, incineration, rendering, or field dressing for donation or delivery to a department-approved slaughterhouse or slaughter destination.

(3) In disposing of the carcass, the department:

HeinOnline -- 1995 vol. II 1101 1995

(a) as first priority, may donate a wild buffalo or bison carcass to a charity or to an Indian tribal organization; or

(b) may sell a wild buffalo or bison carcass to help defray expenses of the department. If the carcass is sold in this manner, the department shall deposit any revenue derived from the sale of the wild buffalo or bison carcass to the state special revenue fund to the credit of the department.

(4) The department may adopt rules with regard to management of publicly owned wild buffalo or bison that enter Montana on private or public land and that are from a herd tbat is infected with a contagious disease that may spread to persons or livestock and may jeopardize compliance with federally administered livestock disease control programs.

Section 2. Wild buffalo or bison as species in need of management — policy — department duties. (1) The legislature finds that significant potential exists for the spread of contagious disease to persons or livestock in Montana and for damage to persons and property by wild buffalo or bison. It is the purpose of this section:

(a) to designate publicly owned wild buffalo or bison originating from Yellowstone national park as a species requiring disease control;

(b) to designate other wild buffalo or bison as a species in need of management; and

(c) to set out specific duties for the department of fisb, wildlife, and parks for management of the species.

(2) The department:

(c) shall cooperate with the department of livestock in managing puhlicly owned wild buffalo or bison that enter the stato on public or private land from a herd that is infected with a dangerous disease, as provided in [section 1], under a plan approved by the governor. The department of livestock is authorized under the provisions of [section 1] te regulate publicly owned wild huffalo or bison in this state that pose a threat to persons or livestock in Montana through the transmission of contagious disease.

(3) The department and the department of livestock are strongly urged to enter into an agreement with the national park service for the long-torm management of the Yellowstene national park wild buffalo or bison herd. If the national park service does not proceed in good faith in a timely manner to enter a long-term management agreement that, in the determination of the department and the department of livestock, responds adequately te the needs of Montana, the departments are strongly urged to take appropriato court

percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(ii) any adjustment, not to exceed 15% annually and adjusted pro rata for rating periods of less than 1 year, because of the claims experience, health status, or duration of coverage of the employees or dependents of the small employer, as determined from the small employer carrier's rate manual for the class of business; and

(iii) any adjustment because of a change in coverage or a change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.

(d) Adjustments in rates for claims experience, health status, and duration of coverage may not be charged to individual employees or dependents. Any adjustment must be applied uniformly to the rates charged for all employees and dependents of the small employer.

(e) If a small employer carrier uses industry as a case characteristic in establishing premium rates, the rate factor associated with any industry classification may not vary from the average of the rate factors associated with all industry classifications by more than 15% of that coverage.

(f) In the case of health benefit plans delivered or issued for delivery prior to January 1, 1994, a premium rate for a rating period may exceed the ranges set forth in subsections (1)(a) and (1)(b) until January 1, 1997. In that case, the percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

Rating factors must produce premiums for identical groups that differ only by the amounts attributable to plan design and that do not reflect differences because of the nature of the groups. *Differences among base premium rates may not be based in any way on the actual or expected health status or claims experience of the small employer groups that choose or are expected to choose a particular health benefit plan.*

(ii) treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(h) For the purposes of this subsection (1), a health benefit plan that includes a restricted network provision may not be considered similar coverage to a health benefit plan that does not include a restricted network provision.

~~(i) The commissioner shall adopt rules to implement the provisions of this section and to ensure that rating practices used by small employer carriers are consistent with the purposes of this part, including rules that ensure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences because of the nature of the groups.~~

(2) A small employer carrier may not transfer a small employer involuntarily into or out of a class of business. A small employer carrier may not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, claims experience, health status, or duration of coverage since the insurance was issued.

(3) The commissioner may suspend for a specified period the application of subsection (1)(a) for the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the commissioner either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the fairness and efficiency of the small employer health insurance market.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of each of the following:

(a) the extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or upon the actual or expected variation in health status of the employees of small employers and the employees' dependents;

(b) the provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and the factors, other than claims experience, that affect changes in premium rates;

(c) the provisions relating to renewability of policies and contracts; and

(d) the provisions relating to any preexisting condition.

(5) (a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

HeinOnline -- 1995 vol. II 1235 1995

(b) Each small employer carrier shall file with the commissioner annually, on or before March 15, an actuarial certification certifying that the carrier is in compliance with this part and that tbe rating methods of the small employer carrier are actuarially sound. A copy of the actuarial certification must be retained by the small employer carrier at its principal place of business.

(c) The filing required in subsection (5)(b) must contain the small employer carrier's benefit equivalency and benefit value.

~~(c)~~*(d)* A small employer carrier shall make the information and documentation described in subsection (5)(a) available to the commissioner upon request. Except in cases of violations of the provisions of this part and except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction, the information must be considered proprietary and trade secret information and is not subject to disclosure by the commissioner to persons outside of the department.

(6) The commissioner may not require prior approval of the rating methods used by small employer carriers or the premium rates of the health benefit plans offered to small employers."

Section 4. Section 33-22-1811, MCA, is amended to read:

"**33-22-1811. (b) (i) A small employer carrier shall issue a basic health benefit plan or a standard bealth benefit plan to any eligible small employer that applies for either plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with this part.

A small employer carrier may apply reasonable criteria in determining wbetber to accept a small employer into a class of business, provided that:

(B) the criteria are not related to the health status or claims experience of the small employers' employees;

(C) the criteria are applied consistently to all small employers that apply for coverage in that class of business; and

(D) tbe small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business.

(iii) The provisions of subsection (1)(h)(ii) may not be applied to a class of business into which the small employer carrier is no longer enrolling new small businesses.

(b) The commissioner may at any time, after providing notice and an opportunity for a hearing to the small employer carrier, disapprove the continued use by a small employer carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this part.

(3) Health benefit plans covering small employers must comply with the following provisions:

(a) A health benefit plan may not, because of a preexisting condition, deny, exclude, or limit benefits for a covered individual for losses incurred more than 12 months following the effective date of the individual's coverage. A health benefit plan may not define a preexisting condition more restrictively than 33-22-110, except that the condition may be excluded for a maximum of 12 months.

(b) A health benefit plan must waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individual was previously covered by qualifying previous coverage that provided benefits with respect to those services if the qualifying previous coverage was continuous to a date not less than 30 days prior to the submission of an application for new coverage. This subsection (3)(b) does not preclude application of any waiting period applicable to all new enrollees under the health benefit plan.

(c) A health benefit plan may exclude coverage for lato enrollees for 18 months or for an 18-month preexisting condition exclusion, provided that if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed 18 months from the date the individual enrolls for coverage under the health benefit plan.

HeinOnline -- 1995 vol. II 1237 1995

(d) (i) Requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, must be applied uniformly among all small employers that have the same number of eligible employees and that apply for coverage or receive coverage from the small employer carrier.

(ii) A small employer carrier may vary the application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.

(e) (i) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a small employer group or only to part of the group, except in the case of late enrollees as provided in subsection (3)(c).

(ii) A small employer carrier may not modify a basic or standard health benefit plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(iii) A small employer carrier shall secure a waiver of coverage from each eligible employee who declines, at the sole discretion of the eligible employee, an offer of coverage under a health benefit plan provided by the small employer. The waiver may not require the eligible employee to disclose the reasons for declining coverage.

(iv) A small employer carrier may not issue coverage to a small employer if the carrier or a producer for the carrier has evidence that the small employer induced or pressured an eligible employee to decline coverage due to the health status or risk characteristics of the eligible employee or of the dependents of the eligible employee.

(4) (a) A small employer carrier may not be required to offer coverage or accept applications pursuant to subsection (1) in the case of the following:

(iii) within an area where the small employer carrier reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have the capacity within its established geographic service area to deliver service adequately to the members of a group because of its obligations to existing group policyholders and enrollees.

(b) A small employer carrier may not be required to provide coverage to small employers pursuant to subsection (1) for any period of time for which the commissioner determines that requiring the acceptance of small employers in

(3) A basic health benefit plan provided by a health maintenance organization or a basic health benefit plan with a restricted network provision must provide a comparable level of benefits to those required by subsections (1) and (2), as determined by the benefit equivalency and benefit value.

Section 6. Benefits required in standard benefit plan. (3) A standard health benefit plan provided by a health maintenance organization or a basic health benefit plan with a restricted network provision must provide a comparable level of benefits to those required by subsection (1), as determined by the benefit equivalency and benefit value.

In addition, the reinsuring carrier is responsible for 20% of the next $100,000 of benefit payments during a calendar year and tbe program shall reinsure the remainder. A reinsuring carrier's liability under this subsection (d)(i) may not exceed a maximum limit of $25,000 in any calendar year with respect to any reinsured individual.

The methodology must provide for the development of base reinsurance premium rates that must be multiplied by the factors set forth in subsection (6)(b) to determine the premium rates for the program. The base reinsurance premium rates must be established by the board, subject to the approval of the commissioner, and must be set at levels that reasonably

approximate ~~gross premiums charged to small employers by small employer carriers for health benefit plans with benefits similar to the standard health benefit plan~~ *the premiums necessary to recover one-half of the expenses for the calendar year. For purposes of this section, expenses include administrative expenses, one-half of the program net loss for the previous calendar year, and the actuarially anticipated claims to be incurred,* adjusted to reflect retention levels required under this part.

(b) Premiums for the program are as follows:

(i) An entire small employer group may be reinsured for a rate that is one and one-half times the base reinsurance premium rate for the group established pursuant to this subsection (6).

(ii) An eligible employee or dependent may be reinsured for a rate that is five times the base reinsurance premium rate for the individual established pursuant to this subsection (6).

(c) The board ~~periodically~~ shall *annually* review the methodology established under subsection (6)(a), including the system of classification and any rating factors, to ensure that it *is actuarially sound and that it* reasonably reflects the claims experience of the program. The board may propose changes to the methodology that are subject to the approval of the commissioner.

(d) The board may consider adjustments to the premium rates charged by the program to reflect the use of effective cost containment and managed care arrangements.

(7) If a health benefit plan for a small employer is entirely or partially reinsured with the program, the premium charged to the small employer for any rating period for the coverage issued must meet the requirements relating to premium rates set forth in 33-22-1809.

(8) (a) Prior to March 1 of each year, the board shall determine and report to the commissioner the program net loss for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses, *and the actuarially anticipated losses for the calendar year. The sum of one-half of the program net loss for the previous calendar year plus the anticipated net loss for the calendar year must equal the total assessment amount. If the program net loss for the previous calendar year is zero or less, the total assessment amount must equal the actuarially anticipated losses for the calendar year.*

~~(b) To the extent permitted by federal law, each assessable carrier shall share in any net loss of the program for the year in an amount equal to the ratio of the total premiums earned in the previous calendar year from health benefit plans delivered or issued for delivery by each assessable carrier divided by the total premiums earned in the previous calendar year from health benefit plans delivered or issued for delivery by all assessable carriers in the state.~~

(b) (i) Each assessable carrier shall share in the program in an amount determined by multiplying the total assessment amount by a fraction, the numerator of which is the number of individuals in this state covered under disability insurance by the assessable carrier and the denominator of which is

the number of all individuals in this state covered under disability insurance by all assessable carriers.

(ii) The board shall make a reasonable effort to ensure that each insured individual is counted only once for the purpose of assessment. The board shall require each assessable carrier that provides excess of loss or stop loss insurance to include in its count of insured individuals all individuals whose coverage is reinsured in whole or in part, including coverage under excess of loss or stop loss insurance. The board shall allow an assessable carrier who is an excess of loss or stop loss insurer to exclude from its count of insured individuals those who have been counted by a primary disability insurer or by a primary reinsurer.

(iii) The board shall base each assessable carrier's assessment on reports filed with the commissioner as required by 33-22-1820. The board may use any reasonable method of estimating the number of individuals insured by an assessable carrier if the specific number is unknown.

(c) The board shall make an annual determination in accordance with this section of each assessable carrier's liability for its share of the ~~net loss of~~ *contribution to* the program and, except as otherwise provided by this section, make an annual ~~fiscal yearend~~ assessment against each assessable carrier to the extent of tbat liability. ~~If approved by the commissioner, the board may also make interim assessments against assessable carriers to fund claims incurred by the program. Any interim assessment must be credited against the amount of any fiscal yearend assessment due or to be due from an assessable carrier.~~ Payment of ~~a fiscal yearend or interim~~ *an* assessment is due within 30 days of receipt by the assessable carrier of written notice of the assessment. An assessable carrier that ceases doing business within the state is liable for assessments until the end of the calendar year in which the assessable carrier ceased doing business. The board may determine not to assess an assessable carrier if the assessable carrier's liability determined in accordance with this section does not exceed $10.

(d) The board may establish and maintain program reserves not to exceed five times the actuarially anticipated losses for the calendar year.

(e) If the sum of the reinsurance premiums and assessments in any calendar year exceeds the sum of the administrative expenses and incurred claims for that year, the board may proportionately credit the excess to assessable carriers or it may place the excess in program reserves, subject to the limits in subsection (8)(d).

(9) Tbe participation in the program as reinsuring carriers; the establishment of rates, forms, or procedures; or any other joint collective action required by this part may not be the basis of any legal action, criminal or civil liability, or penalty against the program or any of its reinsuring carriers, either jointly or separately.

(10) The board, as part of the plan of operation, shall develop standards setting fortb the minimum levels of compensation te be paid to producers for the sale of basic and standard health benefit plans. In establishing the standards, the board sball take into consideration the need to ensure the broad availability of coverages, the objectives of the program, tbe time and effort expended in placing tbe coverage, the need to provide ongoing service to small

employers, the levels of compensation currently used in the industry, and the overall costs of coverage to small employers selecting these plans.

(11) The program is exempt from taxation.

(12) On or before March 1 of each year, the commissioner shall evaluate the operation of the program and report to the governor and the legislature in writing the results of the evaluation. The report must include an estimato of future costs of the program, assessments necessary to pay those costs, the appropriateness of premiums charged by the program, the level of insurance retention under the program, the cost of coverage of small employers, and any recommendations for change to the plan of operation."

(2) ~~For the purpose of making such valuation, the commissioner may employ a competent actuary who shall be paid by the insurer for which the service is rendered; but a domestic insurer may make such valuation and it may be received by the commissioner upon satisfactory proof of its correctness.~~ In lieu of the valuation of the reserves ~~herein~~ required *in this section* of any foreign or alien insurer, the commissioner may accept any valuation made or caused to be made hy the insurance supervisory official of any state or other jurisdiction when ~~such~~ *the* valuation complies with the minimum standard ~~herein~~ provided *in this section* and if tbe official of ~~such~~ *the other* state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the commissioner when ~~such~~ *the* certificato states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

For the purposes of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required in subsection (4) may not be considered to be the adoption of a higher standard of valuation.*

(4) (a) Each life insurer doing business in this state shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by rule are computed appropriately, are based on assumptions that satisfy contractual provisions, are consistent with prior reported amounts, and comply with applicable laws of this state. The commissioner by rule shall define the specifics of this opinion and add any other items considered necessary to its scope.

(b) Each life insurer, except as exempted by or pursuant to regulation, shall also annually include in the opinion required by subsection (4)(a) an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by rule, when considered in light of the assets held by the insurer with respect to the reserves and related actuarial items, including but not limited to the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the insurer's obligations under the policies and contracts, including but not limited to the benefits under and expenses associated with the policies and contracts.

However, the memorandum or other material may otherwise be released by the commissioner:

(A) with the written consent of the insurer; or

(B) to the American academy of actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the commissioner for preserving the confidentiality of the memorandum or other material. Once any portion of the confidential memorandum is cited by the insurer in its marketing, is cited before any governmental agency other than a state insurance department, or is released by the insurer to the news media, all portions of the confidential memorandum are no longer confidential.

(5) For purposes of this section, "qualified actuary" means a member in good standing of the American academy of actuaries who meets the requirements set forth in the academy's rules."
